**A Job Well Done**

The preparation in the form of true and hard work, on the part of the fraternity members, resulted in a well-executed production that the student body could be proud of. As usual the presentation was one of the musical highlights of the semester. The acclamation received by this program proves that we have got to do more and that we've got to get act. What could we do next week?

Despite the fact that the publicity for the annual Christmas dance was almost nonexistent, the dance curtailed all our profit. We hope that the SGA will be able to use the money that was collected.

The Opera Workshop last Tuesday and Wednesday nights presented their fall season program, Orpheus in Hades. As usual the presentation was one of the musical highlights of the Montclair State College cultural program. Everyone connected with this production may be proud of this achievement.

**Rightful Rules**

We are happy to see that the fraternities are finally assuming the roles which they should play on the MSC campus.

Two boxes full of toys were collected last week by the Psi Chi fraternity. The boxes were turned over to the Salvation Army for distribution. This is a noble gesture on the part of this fraternity and hope they will continue this tradition next year and make the dance an annual one.

No wonder Joan McMullan and John Stamm were selected as columnist and copyreader, respectively.

We're considering asking one of the other fraternities for Janitorial help to clean a building. "It's simple to talk about winning Latin America recently," said John, "but if we are to remain skeptical, we must do so in a way which we can put into practice.

The United States has aided Latin American republics through private investment, through Export-Import Bank and through the Inter-American Development Fund. Recently the Eisenhower administration has made 500 million dollars available as a sort of loan for Latin America.

The Montclair State Junior Varsity basketball team easily rolled over the Jersey City College in the opening game, 51 last Friday. This marked their fifth win in seven outings.

Jayvees failed to break a ten-point deficit for the remainder of the game. High scorer for Montclair was Frank Voto, as he netted 17 points and 11 for 20 shooting. The Indians suffered their third straight loss of the season, 48-76, and put the Jersey City “B-Team” in a bind. The visiting squad, with four sophomores in the starting quintet, lasted, struck fast and furious last Friday through the superb half-handling and play-making of guard, Bill Vincen and the rebounding of Cecil Preece. This combination, the leads oste, an easy lead never relinquished. The score at the half was 42-39 in favor of the Green-and-Yellow. Throughout the game Jersey City State capitalized on the “basket good—soil down to situation” stuffing, pulling ahead three three-point plays and making 28 trips to the foul line.

The record books show the Indians scored 15 shots and 13 baskets to Montclair’s 19 shots, 13 baskets and 13 baskets for the win.
