Election Campaigns Now In Full Swing; Students To Elect Government Tuesday

Colleges to Sponsor Exchange Program

Several weeks ago the Montclairians carried a news item announcing plans to enable Montclair students to spend the junior year away from the campus on exchange with students in one of several colleges in the western part of our country. Plans have now gone forth to the point where several of the institutions with whom we hope eventually to exchange numbers of students have interested student advisors in their campaigns and are desirous of setting in motion the exchange program for September.

The Committee making the arrangements, it is interesting to note, is interested in ascertaining the extent of student interest in this campus as indicated by students who are desirous of making such an exchange.

The details of the exchange are not fully outlined. However, it is safe to assume that students who are interested in this program must meet with the approval of the selection committee, the composition of which will be announced in the very near future. It is expected, as indicated earlier, that this exchange will take place during the junior year; meaning, of course, that the only persons eligible to apply at this time are sophomore and junior students.

The costs to the student will be limited to the cost of transportation and to incidental items that the student may wish to spend taking advantage of the cultural opportunities available in him in the area in which he is visiting.

An effort is being made at this time to secure financial support from various sources to make the exchange possible of any student who wishes to become involved in the opportunity, and it will be done in an effort to make sure that any worthy student should not be prevented from making the exchange because of financial limitation.

Application forms for the academic year of 1962-63, are available in the Admissions Office. Applications will be accepted until May 15. Those interested are urged to complete the application forms and return them to Mr. King, Director of Admissions.

Dean's List Names Honor Students

The following students have attained an average of 3.5 or better for the fall semester for the Dean's Honor List for the fall semester of 1961-62.

The Project of Information Processing, a motion picture concerned with computers as an instrument of scientific research, a paperback on computers in NSTA's VISTAS OF SCIENCE series, and instructional materials for junior high school students are well under way. Further materials are envisioned for senior high schools and teacher training institutions.

Recently, the members of the Montclair Professional Integrity Committee, under the auspices of the Fraternity, merchant, and the Pharmacists, have come to the point where they wish to discuss with members of the Stevens Honor Board their program. Representing the Montclair groups were Bob H. Moore, George H. Nicholls, and Richard E. Danforth. In addition to the group, the committee had many worthwhile suggestions and ideas to offer to the Montclair group.

Started by the seniors, the honor program has become an integral part of Stevens' campus life. The pride which is attached to this tradition and the effect on the campus is obvious to anyone visiting there.

Major aspects of the program are: representation by each senior class of one member, who serves as a liaison person for information, a committee of six persons and two person sub-committees.

For those found guilty of cheating, the cumulative record will be kept for a year in the future. While the penalty is severe, the court, however, is aware that the records are frozen so they may not be applied to any other school.

KahnClinaxizes Role As Choral Director

On April 16 in Memorial Auditorium, Emil Kahn will conduct his own symphonic cantata, which he wrote 42 years ago. Two of Kahn's compositions which have received a great deal of attention are "The Great Moon" and "Evection," which are the basis for the cantata, with parts for chorus, orchestra, and solo voices.

Also on the program will be Verdi's "Stabat Mater," Brahms' and Josephson's First Symphony.

Members of the faculty, the alumni, and the student body will join the opera workshop chorus singing Mr. Kahn's music as part of the Kahn weekend at Montclair.

Mr. Emil Kahn

Frat Awaits Sanctioning

Zeta Epsilon Tau, which may soon be the newest fraternity on campus, has recently presented its charter before the SGA for its approval. The aims of ZETA are to support democracy, to show brotherhood to all through charity, and to build the character of its members into a fortress of justice. The officers of the fraternity are: President, Jim Janowitz; Vice-President, John Stuckey; Secretary, Pat Cady; Treasurer, Arthur Cady. Two other chapters of this fraternity are at Trenton State and at Seton Hall University.
Elections???

Now that the time has come for the student body to choose the new SGA administration, it is unfortunate that so few members of the student body take an active interest in the election to run for an office. We are certain that there are many more qualified students on this campus than ever run for one office. This condition is an unfortunate one since it allows many qualified students to slip past active participation in school politics.

Because of this disinterest in running for an SGA office, the student body is forced to choose between two candidates who are not actually the best suited for the position they are destined, by pure lack of competition, to fill. Often the person placed in a position of importance is not of the most desirable stuff.

Then, too, we often have the situation of only one candidate "running" for an office. In this situation the perfunctory job of election rests with the secretary of the SGA. This is a condition that is just as intolerable as not having qualified candidates to choose between. In this way the student who has taken just the time to complete a petition gains a position of school importance by merely "knowing" one hundred students.

If failure to run is a poor political attitude, then failure to vote is a more grievous failure. When a student body of over two thousand students is called upon to cast votes to vote is even a more grievous failure. When a student body of over two thousand students is called upon to cast votes, what excuse can be offered for this lack of over two thousand students is called upon to cast votes?

Dear Editor:

I would like to suggest that some students do not want to elect a non-adequate George Schmidt for SGA President on next Tuesday, April 16, 1962. I advocate George's election to this position not only because he has the ability and the desire in his efforts to help the students at Montclair State, but also because the student body has clearly shown that George Schmidt has been truly an adequate President.

George has been the Student Body President for one and one-half years, which is a long period of time during which the student body was not satisfied with his performance. There have been many inadequacies demonstrated during this term, most of which are comments for which the President is responsible. He is the person who is put into the position of Presiding over the Student Assembly.

Dear Editor:

At the SGA campaign assembly last Tuesday, the student body was informed for the first time by Bill Graf that since he had been appointed acting Vice-president, he would be bringing a semester experience as Vice-president to the office if he were to be elected to that post.

The most surprising part was, of course, that a student president, Joe Attanasio, who had been appointed to the post of acting Vice-president, would be bringing a semester experience as Vice-president to the office if he were to be elected to that position.

We believe that Joe Attanasio has done his job well during his term as President, but it is unfair to bring a semester experience as Vice-president to the job of Vice-president. One must remember that Joe Attanasio did not have the time to develop the leadership qualities that are necessary to these positions. What Jobs did Joe do before being elected to an SGA office.

Before

One must remember that Joe Attanasio did not have the time to develop the leadership qualities that are necessary to these positions. What Jobs did Joe do before being elected to an SGA office.

Before

There is no provision in our constitution that states that a mislabeling of this post would evolve, since the duties Graf assumed are those mainly associated with the post of acting Vice-president. If a candidate has not shown an active interest in supporting the school at Montclair in the past, cannot be as effective in fulfilling his functions necessary to these positions as an SGA office.

Reprinted from a letter by Boreen P. Kamla, M.D. Ph.D., associate commissioner, Health Department, state of New Jersey:

Tobacco—Dr. Kamla indicated that unintentionally dangerous treat­
ments of medical students may have two negative effects on public health point-of-
view; namely, cause undermised and unnecessary concern; and they could motivate some people to change adversely their normal dietary habits or to the detriment of members of their families.

Roger Rohneck from Agora claimed second prize in the Col­lege Round-By-Contest capturing his FM radio in a cloud of smoke. Now empty paaks have been thrown in the trash and, next year, Phil­lip Morris sales have dropped to their lowest time, and the company has been repossessed by the Wal­-mart Company.

"Stories about fallout are fre­quently associated with milk be­ cause the milk is a convenient sub­stance to which to lend fallout. It is stored fresh daily in all states of the Union. Because it is in the last hand, the two are linked. It would be un­derstood that the two are linked to induce some people to refuse from drinking milk or to withhold it from their children. It is the considered judgment of this department that such action due to far more hazardous to children than any anticipated present or immediate future con­sequence from fallout.

The SGA President named the following list of the board. The SGA is meeting at a modern conference in preparation of the State conference.

Food Committee—Jen Mikrut reported, for the last time, opening of the Snack Bar in the evenings. Jen requested, in a report stating the agreement between SGA Food Service and the SGA concerning the opening of the Snack Bar in the evenings.

Kathy Rubinetti reported that the contract for the Snack Bar is held between the Faculty Student Co-op and the President Villani indicated that the Faculty Student Co-op will meet at their next meeting.

"The Snack Bar is opening to the SGA including the losses in-­
cluded in the evening of opening of the Snack Bar in the evenings; two hours is not a long enough period to do enough business; the opening of the Snack Bar will not help to improve the social life of the students; signs is making enough profit, therefore the SGA should not pay for the losses incurred.

A recommendation was made that a conference be held with the Faculty Student Co-op about the quality of this program. President Villani indicated that he will discuss this problem at the next Faculty Student Co-op meeting and report to Jane Miller.

Elects—Rene Khahre reported that the senate meeting will be held on Tuesday April 17; all the senators are re­quested to attend.

Hopefuls Campaign For SGA Posts

Page Five

GEORGE SCHMITT
Class of 1964
Major: English
Average: 2.38
Why I want to be President of the SGA:
I am a candidate for the SGA President because I feel I will be able to build on the foundation laid by this year's Board of Trustees. I think that I have the necessary qualifications to lead the board toward expansion of existing programs and the initiation of further improvements in the cultural and social aspects of student life.

Specifically, I hope to expand the present lecture series, initiate an informal program to bring the faculty and students closer together outside the classroom through a series of weekly coffee hours, and carry out plans for a "College Weekend" combining mental, cultural, and athletic events. In addition, I hope to carry forward plans for evaluation of the Book Store, and if possible expand its operations. I hope to be able to take an active part in making MSC a vital force on the reactivated State College Inter-Relations Committee.

What I consider my qualifications for office:
1) Living in the men's dormitories, I have been active in a variety of campus organizations. This year I hold responsible positions in organizations that place me in contact with a cross-section of the student body. At present I am News Editor of the Montclairian, treasurer of chapter 1, a member of the Men's Athletic Commission, Student Sports Publicity Director for MSC, and a member of the SGA Board.

2) Working with an organization that has an income of $100,000 a year, I have learned the importance of business management and the necessity of putting those assets necessary for the organization's social functions to the best use of the SGA Board, and various committees on campus.

CHICK YEAGER
Class of 1963
Major: Mathematics
Average: 3.37
Why I want to be Vice-President of the SGA:
I consider my qualifications for my office to be: Freshman Class President, and was first president of the Physical Education Club, President of Agora, one year on the SGA Board, and various committees on campus.

CHICK YEAGER
Class of 1963
Major: Mathematics
Average: 3.37
Why I want to be Vice-President of the SGA:
I consider my qualifications for my office to be: Freshman Class President, and was first president of the Physical Education Club, President of Agora, one year on the SGA Board, and various committees on campus.

DAVE FINDER
Class of 1963
Major: Spanish
Average: 2.58
Why I want to be Vice-President of the SGA:
If I should be elected I will put forth a well-rounded program for next year to use for the students' benefit. The vice-president of the SGA has an extremely important position as head of the SGA's development of harmonious relationships between the student and faculty body. I hope to be able to continue and further the organization I set up last year. The SGA Board has set a fine precedent which I would like to continue and further. Secondly, I feel that holding the office would be a great opportunity for me to contribute to the growth of MSC. I would like to see the majority of students as well as the school benefit through my leadership. Finally, I believe that holding office would lead me to my own growth and experience.

What I consider my qualifications for office:
1) Living in the men's dormitories, I have been active in a variety of campus organizations. This year I hold responsible positions in organizations that place me in contact with a cross-section of the student body. At present I am News Editor of the Montclairian, treasurer of chapter 1, a member of the Men's Athletic Commission, Student Sports Publicity Director for MSC, and a member of the SGA Board.

2) Working with an organization that has an income of $100,000 a year, I have learned the importance of business management and the necessity of putting those assets necessary for the organization's social functions to the best use of the SGA Board, and various committees on campus.

KIM REID
Class of 1963
Major: French
Average: 3.37
Why I want to be Recording Secretary of the SGA:
If I were elected, I would do the following: I feel that a year's experience on the SGA Board has given me a familiarity with the board's functions and procedures that I feel I would be able to carry on as an efficient secretary. I have had experience as a secretary and have a thorough knowledge of speed writing and typing.

What I consider my qualifications for office:
1) I was a member of the SGA Board last year and I am at the same time familiar with the workings of the SGA Board, and various committees on campus.

2) My classmate, class president, has an income of $100,000 a year, and I have learned the importance of business management and the necessity of putting those assets necessary for the organization's social functions to the best use of the SGA Board, and various committees on campus.

SANDY LINZENBOLD
Class of 1963
Major: Spanish
Average: 3.37
Why I want to be Secretary of the SGA:
I am a candidate for the SGA Secretary because I feel I would be able to fulfill this capacity to the best of my ability. I served as an assistant secretary of the SGA Board last year. I have had experience as a secretary and have a thorough knowledge of speed writing and typing.

What I consider my qualifications for office:
1) I was an assistant secretary of the SGA Board last year and I am at the same time familiar with the workings of the SGA Board, and various committees on campus.

2) My classmate, class president, has an income of $100,000 a year, and I have learned the importance of business management and the necessity of putting those assets necessary for the organization's social functions to the best use of the SGA Board, and various committees on campus.
Conant Rates Study; Praises Schools Here

Survey Proves A Relationship Between Smoking and Cancer

The quality of a secondary education in New Jersey helps explain why its high school system is the best in the nation, Dr. James B. Conant, former Harvard University president, said in a New Jersey education report delivered yesterday at Montclair State College.

Dr. Conant handed out report cards to the high school systems of the 12 states. Butta merits go to New Jersey.

Comparing New Jersey, Ohio and Ohio, the noted school critic found that only in New Jersey does the average high school meet requirements he considers minimum, according to an article in the April 1 in issue of the NJEA Review, magazine of the New Jersey Education Association.

In New Jersey, Dr. Conant found, the average graduate participates in high school, or six a year, and "practitioners Association reviews the minimum standard of 20 subjects.

In Ohio only two-thirds meet this standard, in Illinois only four.

The average Ohio graduate comes from a four-year course than his New Jersey counterpart, the Illinois graduate six.

Several of the 12 states have brought mankind close to World Government.

Without a base of commonly accepted principles, said the report, effective means for peaceful adjudication of international disputes is bound to fail, and the possibility of extinction nearer on.

I don't know whether "Pass the aspirin," and "When the pool game got going ("Do you know Pase Six MONTCLARION April 19, 1962

Dr. CONANT, former Harvard University president, says New Jersey's schools are the best in the nation.

Dr. Conant, former Harvard University president, has always been a leading advocate of education reform.

Recently there has been considerable discussion about the possibility of a connection between cancer and the lung and other diseases. The following is an accumulation of what is known to be true on this subject. It is reprinted in a booklet "Cigarette Smoking and Lung Cancer" published by the New Jersey Department of Mental Health and Prevention for the preparatory use in trial high school health classes.

Since 1920 deaths among men due to lung cancer have risen ten times as much as deaths due to other kinds of cancer. Since 1920 the average annual consumption of cigarette tobacco among persons over 15 years of age, in the United States, has more than doubled but the rate of smoking, and a half of all the way up to ten pounds a year. The relationship between lung cancer and smoking is no longer conjecture.

Concerning lung cancer alone, the following facts have been scientifically established:

1. Lung cancer occurs in direct proportion to the number of cigarettes smoked.

2. Inhalers tend to have more lung cancer than non-inhalers.

3. Pre-cancer lung cell changes are found more frequently among autoexhaling smokers than non-smokers.

4. Smoke which is produced by burning tobacco contains at least eight chemicals which are known to be cancer producing when applied to or injected into animals.

The cancer causative agent has not been isolated, it has been concluded that certain of these in the smoke have a direct, constitutional, or secondary action on the tobacco industry on research for filters.

There are certain questions which now arise with regard to particular groups on campus. For instance, a student who is interested in the world of governments, but obviously does not know the issues involved in political decisions.

The Student Government Association (SGA) is an organization formed to give students a voice as the governing group of the organization.

Meanwhile, the Student Government Association (SGA) as the governing group on campus plays an important part in the lives of everyone on campus. Through its word, important decisions are made which may decide the success of activities and the overall spirit that produces on campus.

I have worked with my class at Montclair and with other SGA's in the state. Comments the SGA, "Not only is New Jersey spending about 15 per cent of its budget on the SGA, but obviously are doing more."
Philomena: Joan McGrath, Sigma Delta Pi '64 to Chuck Welsh, Sigma Delta Chi '64.

With The Greeks: Many thanks to all the individuals who contributed to their support on Paul Bunyan Day. Helping others in need is just one of the many ways we can help the world.

Glenn Sees Indians At Quantoico Meet
Whitehead Challenges Olympic Record
Tracksters Win; Tracksters Run at Quantico; Shot Nears Record

by Rick Hilser

Ten Indian Pendure traveled to Virginia this weekend and represented Montclair in the Annual Quantoico Relays which drew track teams from all over the nation. Visiting Col, John Glenn and three other Indians, however, were not expected to do much of anything this weekend. They were swayed by relatively small items.

"NO CARD PLAYING" does it bring to your mind, "Oh, isn't it wonderful to be free in the United States"? You may be asked to tactfully consider this manufactures all sorts of careless talk about the gambling problem, an emphasis we carry this thought back home, thoughts away opinions.

"NO CARD PLAYING" doesn't take away from the fact that Montclair State is trying to eliminate all card playing. The contrary, it makes one ask if we don't have trouble with card playing, and, in the same breath, card playing is associated with gambling; needless to say, this manufacturers all sorts of careless talk about the gambling problem, an emphasis we carry this thought back home, thoughts away opinions.

Baseballs Fly on Montclair's Campus; Pitching Void, Rain Trips Indian Nine

Yish! That Was Low!

by Rick Bilser

Getting off to a shaky start by dropping the first two games of the match, the Montclair nine team rallied this Monday and scored their first win as they outlasted Newark Rutgers 5-7.

Playing on a nearby cabana club court, the Montclair niner fencers defeated dual-meet record. Defending champion Paterson State University by a close 9-7 score, during their Hunter fencers Marion Johnson, captain, Elizabeth Kuzen, Roxie Busch, Sue Miller and substitutes Linda Borelia and Mary Menocal.

The first round of competition had teammates fencing each other for individual standings. Then Montclair State faced the highly rated Fairleigh Dickinson, at Teaneck, ranked first, based on their undefeated dual-match record. Defending champion Paterson State was rated second. Montclair was ranked sixth in the lineup. Representing Montclair were varsity fencers Marion Johnson, captain, Elizabeth Kuzen, Roxie Busch, Sue Miller and substitutes Linda Borelia and Mary Menocal.

The traditional salute of tennis victory is given by Bob Banta as he and the tennis team complete another victory.

Netmen Capture First in Three; Down Newark Rutgers for Win

by Roxie Busch

On April 12 and 14, the Montclair nine team fencers participation in the 34th Annual Intercollegiate Women's Fencing Meet at the campus of Fairleigh Dickinson University. The seeding of the nine competing teams saw Fairleigh Dickinson at Teaneck, ranked first, based on their undefeated dual-match record. Defending champion Paterson State was rated second. Montclair was ranked sixth in the lineup. Representing Montclair were varsity fencers Marion Johnson, captain, Elizabeth Kuzen, Roxie Busch, Sue Miller and substitutes Linda Borelia and Mary Menocal.

The individual standings showed Paulette Sippenske retaining her championship by winning all 3 of her bouts in the semi-finals. Moll Borelia Miyamoto (FDU) took 2nd place; Carol Kuzen (Newark) was rated third. Montclair's fencers Marion Johnson, captain, Elizabeth Kuzen, Roxie Busch, Sue Miller and substitutes Linda Borelia and Mary Menocal.

The first match on Saturday's program saw a fighting MSC attempt to topple the champion Paterson team. Montclair bowled 10-6 to its sister mountain college. The third match saw a decision of being the only team to score heavily against the Indians.

In the seventh round, MSC found itself at the bottom of an 8-3 score, during their Hunter match, and valiantly fought to hold off any further Hunter victories until the score stood 8-4. At this point, a victory is determined by the least amount of points against each team. In a tense contest, MSC took this crucial match by one.touch, 47-46.

In the eighth round, BTA was the next victim of the MSC fencers. The final round saw the Indians defeated as they came up short, 65-64. The final round saw the Indians defeated as they came up short, 65-64. The final round was marked by an upset victory for the Indians.

After their uphill climb, MSC was rewarded by a count of 67-62.

Women's dormitory applications are now available in Mrs. Henry's office. All girls interested in living in the dormitory in the year 1962-63, whether or not they are now dormitory residents, must file a dormitory application. The deadline for the application will not guarantee a place in the dormitory. Interested girls are encouraged to make plans before the committee for consideration.
