Elections???

Now that the time has come for the student body to choose the new SGA administration, it is unfortunate that so few members of the student body take an active enough interest in the election to run for an office. We are certain that there are many more qualified students on this campus than ever run for one office. This condition is an unfortunate one since it allows many qualified students to slip past active participation in student politics.

Because of this disinterest in running for an SGA office, the student body is forced to choose between two candidates who are not actually the best suited for the positions they are destined, by pure lack of competition, to fill. Often the person placed in a position of importance is not of the most desirable "stuff."

If failure to run is a poor political attitude, then failure to vote becomes a more grave offense. When a student body of over two thousand students is called upon to cast votes that are adequately used their privileges. These privileges include voting and running.

As condition stand now, the SGA elections are a vast popularity poll of the campus. The best known or best liked is elected. It is time for a change. We need qualified student leaders and yet the problem persists.

ELECTIONS

Dear Editor,
The most important election of the school year—the SGA elec-
tion—is coming up next week. I've noticed that some voters have not done their homework about their rights to vote in this election. As a result, they are not taking full advantage of their right to vote. Therefore, I believe that we should all be well informed about the SGA election before we vote. This is the most important election on Montclair's campus.

The SGA president is an important office of the student government; it should be filled by a person who is qualified for the position. GEORGE SCHMIDT is my candidate for the position of SGA president. He is the editor of the Montclarion, the student newspaper of Montclair State College. His experience as editor of the Montclarion, treasurer of the Student Senate, and a member of the Men's Athletic Commission and the SGA book store committee, Student Director of Sports Publishing, and Recording Secretary of his fraternity, Sigma Phi Epsilon, has given him a wide variety of experience to help him in the position of SGA president. He has the ability and determination to lead the student body in the right direction.

There is no provision in our constitution, and the president can...

Educators and college student leaders from throughout the country ended two days of meetings today, called by the American Red Cross to spur opportunities through which the Red Cross and colleges and universities can work together on projects of mutual interest.

The 50 participants are members of the American Red Cross National Advisory Committee for College and University Relations. They represent universities, educational organizations and governmental agencies.

Dr. Robert G. Gordon, director of the Red Cross Office of Educational Relations, said the committee advised on ways the Red Cross can provide college students and staff with practical experience in their major areas of academic interest.

The committee said that discussions were held on how the Red Cross could help such students. The Red Cross, working with colleges and universities, can assist the students."
By Ken Villani, SGA President

This school year was a year of unprecedented activity in the Student Government Association. As the year came to a close, it was clear that this was the first year that the student government was able to influence campus life significantly.

For the first time in the history of Montclair State College, the student government was able to influence campus life significantly. This was due to a combination of factors, including the increased participation of students in student government activities, the increased support of the administration, and the increased resources available to the student government.

The student government was able to influence campus life significantly through a variety of activities. These activities included the development of new programs, the improvement of existing programs, and the development of new services. The student government was also able to influence campus life through the development of new policies and the enforcement of existing policies.

Hopefuls Campaign For SGA Posts

GEORGE SCHMIDT
Class of 1964
Major: English
Average: 2.38

Why I want to be President of the SGA:
I am a candidate for the SGA President because I feel that I will be able to build on the foundation laid by this year's Board of Trustees. I think that I have the necessary qualifications to lead the board toward expansion of existing programs and the initiation of further improvements in the cultural and social aspects of student life.

Specifically, I hope to expand the present lecture series, initiate an informal program to bring the faculty and students closer together outside the classroom through a series of weekly coffee hours, and carry out plans for a "College Weekend" combining social, cultural, and athletic events. In addition, I hope to carry forward plans for evaluation of the Book Store, and if possible expand its operations. I hope to be able to take an active part in making MSC a vital force on the received Rata College Inter-relations Committee.

What I consider my qualifications for office:

During my two years at Montclair State, I have been active in a variety of campus organizations. This year I hold responsible positions in organizations that place me in contact with a cross-section of the student body. At present I am News Editor of the Montclarion, treasurer of Players, a member of the Men's Athletic Commission, Student Sports Pub-President of the Student Government Association; and Secretary of the Inter-relations Committee which has as its main objective the development of harmonious relations between the campus colleges. Perhaps, my most important qualification is that this semester I was appointed acting Chairman of the Social Committee of the SGA. Because of this experience I know the responsibilities the office has and what it will have in the future. And if I am fully prepared to devote my full attention to them, I have done this semester. Acting Chairman of the Social Committee I made all of the arrangements for the Basil Rathbone lecture and the Literature concert. I also made the arrangements for the colleagues I will be able to be a leader, be a de-

Bob Moore
Vice Director for MSC and re-

cord-}

cating secretary for Senate. This office will allow me to gain an understanding of many aspects of student affairs. In addition to my involvement in Montclairian and the Men's Athletic Commission, I have been involved in working with the administration. The experience I have, in my opinion, illustrate clearly my qualifications for the office of

What I want to be Corresponding Secretary:
I am a candidate for the SGA vice-president because I feel that I have had experience as a secretary and have a thorough knowledge of speed writing and typing.

Barbara Mikrut
My qualifications for this office are: I have had a year of experience as a secretary in the admissions office of Montclair State College and as an active representative of the Student Admission Committee. I have also been active in many other activities such as student council and as a member of the Student Council. In my opinion, I feel that I have had enough experience as a secretary and have a thorough knowledge of the job.

What I want to be Secretary of the SGA:
I am a candidate for the SGA Secretary because I feel I would be able to work efficiently and effectively in the office. In my opinion, I feel that I have had experience as a secretary and have a thorough knowledge of the job. I have also been active in many other activities such as student council and as a member of the Student Council. I feel that I would be able to work efficiently and effectively in the office. I have also been active in many other activities such as student council and as a member of the Student Council. I feel that I would be able to work efficiently and effectively in the office. I have also been active in many other activities such as student council and as a member of the Student Council. I feel that I would be able to work efficiently and effectively in the office. I have also been active in many other activities such as student council and as a member of the Student Council. I feel that I would be able to work efficiently and effectively in the office. I have also been active in many other activities such as student council and as a member of the Student Council.
LITTLE MAN ON CAMPUS

Dr. James B. Conant has handed out report cards to the high school systems of three states. Butts marks go to New Jersey.

Comparing New Jersey, Ohio and Illinois, the noted school critic found that only in New Jersey do the average high school meet requirements he considers minimum. According to an article in the April 1 issue of the NJEA REVIEW, "one of the models of the NJEA Education Association."

In New Jersey, Dr. Conant found, the average graduate attends high school, or six a year, and "practic­

Adapted from “A Gentleman’s Guide to Winning” by Dick Reddy

What happened to the noble art of man’s pursuit of a woman? Why has it fallen in such disrepute? The scene has been a laughing little Nursery for years on end as men chase a woman until she catches him. I hope all men will still the man who catches the woman. The catcher will be the one who catches, for if he is ready to be the first, all will be well. I am sure that she may slow down a little. There are many ways that the two sexes may communicate. A word, a glance or even the bumping of the head, is enough. But it does not begin to approach the utter vagueness of “Have Some Madeira, My Lady.” Miss Wright made her sad story of a “Lass from the Other Side” so perfectly and so unobtrusively on a small stage, that it is neither. The basic image; though this image seems to discredit the ugly American, it is neither. The basic nature of connoisseurs of life’s little excitements increases. The results of that poll were then published in the March 5 issue of the Montclarion. In view of the fact that there exists a definite need for young idealistic missionaries to serve youthful technicians, in all fields, for countries which need them. Partially, also, we are here to rely on yourself. You find that you can do things you never thought you could. The more recent endeavor of the Peace Corps group to go abroad is, we hope, equally as successful as the first Peace Corps group to go abroad. Many of you may think that this is all sentimental, but it is the best method of keeping up the morale of our- coworkers, or a place for young idealistic connoisseurs of life’s little excitements. Miss Wright made her sad story of a “Lass from the Other Side” so perfectly and so unobtrusively on a small stage, that it is neither. The basic image; though this image seems to discredit the ugly American, it is neither. The basic nature of connoisseurs of life’s little excitements increases.

The Limeliters Entertain Miss Vikki Dougan

On Wednesday, April 11, a large and enthusiastic audience spent an enjoyable evening with a group of folk music delivered from an international repertoire and in the current rage among college students. For two hours the Limeliters entertained their audience with a wide range of folk music delivered with a considerable amount of humor injected between songs, as well as within, the songs.

By far the most polished and sophisticated of the group—and it is my duty to say—is Lou Gottlieb, bass vocalist of the trio. His specialties for the evening were “Rosa Linda,” a delicate adaptation of a song with utmost ease. Alex also did two other songs. Alex also did “Have Some Madeira, My Lady,” a far more enticing young lady; Miss Wright and Miss Anderson did “Sympathy,” Miss Wright ap­parently the more inventive for most of the evening. It is my privilege to say that Alex also did “The Little Foxes in 1941, The Merry Wives of Windsor” and “The Dark at the Top of the Stairs” that he sang in December 1, 1907. The performances of the Limeliters were well received by the students. For two hours the evening of their program in an easy-going manner, and charmed their audience every moment of their performance.

Described By Grad

An OPEN LETTER TO MONTCLAIR STANDARDS

Seven months have passed since the first of the Peace Corps group to go abroad was dispatched on its mission. I am writing this letter to you. Some of you may have questions you would like answered, others may want opinions confirmed or denied. I will try to answer some of these possible questions.

Many of you may think that this is all sentimental, but it is the best method of keeping up the morale of our- coworkers, or a place for young idealistic connoisseurs of life’s little excitements. Miss Wright made her sad story of a “Lass from the Other Side” so perfectly and so unobtrusively on a small stage, that it is neither. The basic image; though this image seems to discredit the ugly American, it is neither. The basic nature of connoisseurs of life’s little excitements increases.

The results of that poll were then published in the March 5 issue of the Montclarion. In view of the fact that there exists a definite need for young idealistic missionaries to serve youthful technicians, in all fields, for countries which need them. Partially, also, we are here to rely on yourself. You find that you can do things you never thought you could. The more recent endeavor of the Peace Corps group to go abroad is, we hope, equally as successful as the first Peace Corps group to go abroad. Dame Judith Anderson as Lady Macbeth in the Shakespearean play "Macbeth," a role she was praised for at the Montclair State Teachers College." 

MISSING NEWSPAPERS

"By Thursday I had composed a hasty set forth rather losely!"
By Rick Hilser

It is with a sense of relief that I write this article, as I feel that the most disturbing problem on campus has been resolved. I refer to the spread of gambling, which has been a matter of concern for many students. However, I am pleased to report that Montclair State has taken action to eliminate this menace.

During the Thanksgiving recess, many students, including myself, felt uneasy about the situation on campus. It seemed that gambling was becoming more prevalent, and the university community was losing its sense of integrity. The university administration was aware of the problem, and采取了积极的措施 to address it.

On the return of the students, a notice was posted on the bulletin board, announcing that all card playing was prohibited. This decision was made after consultation with student representatives and faculty members.

While some students may feel that this action goes too far, I believe it is necessary to maintain a healthy environment on campus. Gambling is not only a threat to academic success but also has a negative impact on personal relationships and mental health.

As a student, I encourage everyone to support the decision of the administration. Let us work together to create a campus that is free from this harmful activity. With your help, we can maintain a community that values education and integrity. Thank you.
Baseball Fly on Montclair’s Campus; Pitching Void, Rain Trips Indian Nine

Yish! That Was Low!

by Rick Bilser

Getting off to a shaky start by dropping the first two games of the season, the Montclair varsity baseball team rallied this Monday and scored its first win as they downed Newark Rutgers 6-3.

Playing on a nearby cabana club court, the netters displayed consistent control and took most of the games in two sets. Montclair dropped the first two games and then connected for four straight wins in the other individual matches. The Indians took the first and third games of the double matches, and had the second and second doubles game called on account of darkness.

Montclair had previously been beaten by East Stroudsburg and southpaw Bucky Rehain, a Fairleigh Dickinson transfer. The infield is no problem for Joe Snow and southpaw Bucky Rehain, a Fairleigh Dickinson transfer.

The traditional salute of tennis victory is given by Bob Banta as he and the tennis team complete another victory.

Netmen Capture First in Three; Down Newark Rutgers for Win

by Rick Bilser

Getting off to a shaky start by dropping the first two games of the season, Coach Dignan’s baseball team has blossomed too.

The Montclair nine opened its 62 season Friday, April 6 by edging Jersey City 4-3, but after that happy beginning, the rain seemed to take over for the Indians.

The only bright spot on the Indians’ mound-line-up is one of those reserve hurlers—Joe Staub, for action last year, and this year he’s even better—unfortunately, Joe can’t pitch every game.

Behind Staub on the pitching staff are junior Bruce Messori, and southpaw Bucky Rehain, a Fairleigh Dickinson transfer.

The Montclair nine competing teams saw Fairleigh Dickinson, at Teaneck, ranked first, based on their undefeated dual-match record. Defending champion Montclair State was ranked second. Montclair was rated sixth in the lineup. Representing Montclair were varsity fencers Marion Johnson, captain, Eleanor Gutowski, Bonnie Brat, Sue Miller and substitutes Linda Borella and Chary Menocal.

The first round of competition was a complete team match between the Indians and the fencers in which the Indians outscored their opponents until the score stood 8-8.

In a tense count, MSC took this final game 8-3 score, during their Hunter tourney to enter into a possible tie for third place with FDU-Rutherford.

Conquering a scrappy Brooklyn team by a close 6-2 score, Sue Miller took the crucial bout to complete the first round of competition.

After their uphill climb, the Montclair nine defeated the FDU-Rutherford 9-7 victory over Montclair.

The Montclair nine competing teams saw Fairleigh Dickinson, at Teaneck, ranked first, based on their undefeated dual-match record. Defending champion Montclair State was ranked second. Montclair was rated sixth in the lineup. Representing Montclair were varsity fencers Marion Johnson, captain, Eleanor Gutowski, Bonnie Brat, Sue Miller and substitutes Linda Borella and Chary Menocal.

Eleanor Gutowski of Fairleigh Dickinson and Rendall Rice played the hot spot, and Mike Wernie was the doubles partner before the shortstop position.

The outstanding show is in a fluid state with Pat Clark, Mike Wernie, Lancellotti, and Bob Wayne all struggling for first-string jobs.
