Angry Students Retort To Review

To the Editor:

Dear Sirs,

I would like to take this opportunity to clarify the circumstances of the incident to which I referred in my previous letter to the MONTCLARION. It is my belief that there was a misunderstanding between the student and instructor that led to the altercation. Therefore, it would be premature to allocate blame to either party at this time.

Agora Starts Annual Fund

After the tremendous success of their recent charity basketball game and dance, the members of Agora have donated the proceeds to the establishment of a College Student Assistance Fund, an innovation of Mr. Nevin. This fund will be used by students experiencing financial difficulties and who need a short-term loan. Students could draw upon this fund for loans within twenty-four hours of application, and this would allow the student to solve urgent financial difficulties. Although the final details for the Fund have not been completed, the students of Montclair State will benefit. The fact that the Men of Agora have used their money to establish this Student Assistance Fund is an indication of the deep concern of fellow students to their brethren, and this need may possibly precede for other campus organizations.

The basketball game, played by the Men of Agora and the West German Track Stars of the WMCA “Good Guy Basketeers,” was won by the former 77-70. A donation of $1,500 was netted. Coordinator and chairman for the event was Richard Strate, while Alex Trento handled publicity and Pat Yac was lost by the fraternity 71-70. WMCA “Good Guy Basketeers,” the ticket committee and made

Ravindra Agrawala proved to be an interesting friendly person, eager to share his views on several topics. Mr. Agrawala hailed from New Delhi, India, and is pursuing a Master's Degree in Business Education.

Why did he go into teaching?

"At first," said Mr. Agrawala, "I was in an office job. But I found the work uninteresting and could find more fulfillment. So, I went to a university." Mr. Agrawala described a fate towards a broader outlook on life.

Mr. Agrawala is pursuing a Master's Degree in professional work and in rendering professional service of high quality. It will equip me for the growing demand of education in my country," he states that everyone is so friendly, and particularly noted he states that everyone is so friendly with students.

For this reason, not many men go into the teaching field, although a large amount of women do become teachers. Mr. Agrawala told why he entered the teaching profession.

"I love to teach," he said. "I love to teach the young minds to think and to grow. I love to teach them to be honest and to be kind. I love to teach them to be good citizens of the world." The love of teaching is what attracted Mr. Agrawala to the teaching profession.

He feels that Montclair can affect a young person's life in a positive way.

THE LOVE SONG OF SHALLOWNESS

A blue-eyed Lounge Lady, she sat

Mysteriously malcontent, quite pleasing

On all finity of the daily bridge game.

She was Jane '62, wickedest woman at Montclair,

After Seven and Sevens.

In the Quarterly the women come and go,

Toad's and espiritual releases.

Did you romp with, Stetson,

To be the best Good Lads?

You must come up and see me some time,

Don't forget your draft card, and

Wedding ring. I was with Belaides, yesterday,

Instructor—bliss you go, Stetson?

In the Quarterly the women come and go,

Talking of Brubeck and being totally pseudo.

Stripped of authenticity and

To admit that God does not hide

The futility of the dally bridge game.

After four Seven and Sevens.

Mysteriously malcontent, possibly musing

On the futility of the dally bridge game.

After four Seven and Sevens.

She was Jane '62, wickedest woman at Montclair,

In the Quarterly the women come and go,

On the futility of the dally bridge game.

After four Seven and Sevens.

Mysteriously malcontent, possibly musing

On the futility of the dally bridge game.

After four Seven and Sevens.

Novel "Tropic Of Cancer" Soon To Be The Film

Henry Miller's highly controversial novel, "Tropic of Cancer," will be filmed for the first time. Producers have been searching for an actor to play the main character, Parisian-born American writer Henry Miller. The novel, which Miller began writing while in Paris in the 1920s, has been banned in several countries due to its explicit language and descriptions of sex and nudity.

Can We Quote That?

Question: "What have you found to be the difference between William Shakespeare and current playwrights?"

Kenny Wayne: "I think that in the past, playwrights had more control over their work. They could focus on writing a specific play and have it performed. Now, with television and film, playwrights have to consider the limitations of the medium."

Sachi Kawai: "I think that in the past, playwrights had more creative freedom. They could experiment with new ideas and styles. Now, with the pressures of commercial success, playwrights have to consider the expectations of their audience."

He makes the world a better place

For someone to come out
