Sculpture

On March 12, the Art Acquisition Committee, headed by Dr. Kampe, voted to purchase both Vodicko's "Rendezvous in Space" and Humbert Albrioz's "Sleep-fish." These two new sculpture additions will be placed somewhere in the Sprague Library. The A.A.C. also purchased a painting and William Kent's print "Shiokwiana." All the sculpture that has been considered for purchase has been on view in the library for the past three weeks.

Vodicko's "Rendezvous in Space" is a share foot by three foot welded bronze sculpture of abstract forms. All first place bids feature form and nothing more than a series of flat welded plates with projections breaking into area of space. But upon careful examination and as one moves around the work, one notices that these are perhaps abstract figures that turn and move gracefully around each other. These forms alter their position in the sculpture as it is studied from different angles. These abstract forms are characteristic of Vodicko's work as may be seen in "The Juggler" and "Seventeenth," which was also presented for consideration.

Two William Kent prints were purchased. An unsigned but otherwise flawless print, titled "Fish Bowl," is a simple white outlined cricket presented on a horizontal red and black background.

APO Presents

Gift to Library

Sprague Library has just received a $50.00 check from The Nu Psi Chapter of Alpha Phi Omega. This gift was presented to the library for the purchase of books in the field of outdoor education. It is further evidence of the interest in the area of recreational education by Alpha Phi Omega, which is a national service fraternity affiliated with the Boy Scouts of America.

A Tercentenary of Physical Education in New Jersey

"A Tercentenary of Physical Education in New Jersey" will be presented this Friday and Saturday, March 20 and 21, at 8:00 p.m. The program was the 40th annual Panzer Demonstration, since the first class graduated from the school in 1918. Details for the program were begun last spring after last year's demonstration. Actual work on routines and costume has been going on since September.

A great deal of research and time has been put into the costume for the demonstration, which will show the progress of physical education in New Jersey for the past three hundred years. Through library research, personal inquiry and study, authentic old-fashioned gymnasium, swimsuits, football outfits and bicycles have been obtained.

Among the most interesting outfits is a set of football uniforms loaned by the Football Hall of Fame in New Brunswick. Other highlights are gymnasiums from 1897 and 1915, old jerseys from a local hobby shop, specially-made costumes for the dance group, and wooden shoes for the Dutch dancers.

A student committee including Lynn Svetkoff, Rita Kennedy, Shandy Linnenshue, Roberta Bekemas, Charles Lowes, Charles Touba and Steve Tufaro worked on setting the equipment and doing research, assisted by the Costume Department and several interested students.

Tickets, costing $1.50 with an SGA card, can be purchased in Dr. Tredinnick's office in the gym or in Life Hall. Students are advised to buy tickets in advance of the program. People without tickets who arrive after the gym has been filled will be turned away.

SGA Passes IFC

On Tuesday March 17, the SGA passed the new Inter-Fraternity Constitution Council. The council was recently formed in an effort to coordinate the fraternities on White SGA membership voted for the Constitution; five voted against and three were abstainers. Discussion centered upon the interpretation of a clause in the constitution regarding the disciplining of the chapter involved in that particular clause before the council.

The council held elections on Monday night. The officers are Vic Sciacca, president; Steve Horse, assistant treasurer; John Tufaro, secretary; Robert Vodicko, treasurer; and Steve Tufaro, recording secretary.

CIVIL RIGHTS

First of four parts

BY JACOB SIMMS

A current issue that presses for this country's solution is that of civil rights and the problem of separation of church and state. In the next few weeks, I will present arguments that will, I hope, prove to be a vital point that should be kept in the other law for the betterment of the law for the betterment of society and the state.

That the College High School has to be the basis for any possible teaching of civics is scopic, no questions, but the possibility of using a valuable teaching tool has concerned many. The College High School and the College State College community and the community itself are very near.

Several years, Morris McClellan, Coordinator Public Relations

MONTCLAIR STATE COLLEGE

I will proceed, a sophomore science at this time, that is a candidate, and I believe that we could be a requirement of all freshmen, beginning students in the fall of this year, 1964.

It was open to all interested in opposing my candidacy to announce their intentions at the earliest possible date. There are student issues to be alerted and students to inform.

I propose an amendment to the existing classes.

1. That an honorary credit of one semester hour be given to those who are interested in the freshman parking space for this year, beginning students in the fall of this year, 1964.

2. That a special sticker be issued to those who comply with the requirements of the previous semester hour.

3. That the Class of 1964 be limited to 400 students.

It will be quite a challenge for students to get the additional credit for the school year.

Americans are remaining men by the multitude of people that is going on in the world, and you cannot go wrong, like children, all that the government or the military will say. You can not they can adore them.

The topic of discussion will include the following areas:

1. The importance of daily attendance.

2. That an additional credit of one semester hour be given to those who are interested in the freshman parking space for this year, beginning students in the fall of this year, 1964.

3. That a special sticker be issued to those who comply with the requirements of the previous semester hour.

4. That the Class of 1964 be limited to 400 students.

This is a challenge for students to get the additional credit for the school year.

On Monday, March 23, at 10:30 A.M. in the Panzer Auditorium, an open forum will be held. The purpose of the forum is to allow all interested members of the student body to offer their ideas and opinions in open form is important.

At the same time there will be an assembly for students of the college in the Memorial Auditorium.

The topic of discussion will include the following areas:

1. The importance of daily attendance.

2. That an additional credit of one semester hour be given to those who are interested in the freshman parking space for this year, beginning students in the fall of this year, 1964.

3. That a special sticker be issued to those who comply with the requirements of the previous semester hour.

4. That the Class of 1964 be limited to 400 students.

This is a challenge for students to get the additional credit for the school year.

The Social Studies, Business Education and industrial arts students will be taking part in the forum. Faculty members will be present to address the students who are interested in discussing their ideas.

The School of Conservation staff has been increased to three in order to assist with administrative work.

To some, Allen Gaskill in the group, Dr. Geduld, a University of Michigan graduate, will work in the area of conservation and wildlife. The other members of the staff include Dr. John K. H. Mitchell, and Mr. John W. Good. Other faculty members will be available to participate in the discussions.

We simply cannot have everything our way. We can't never allow power of power are developing around us, but we can learn to respond to these changes. Not too long ago, the revolution of the revolutionary republic, a have

As for public accommodations, the mass production has made "instant purchase" possible but does not mean that the proper right. Contract let it not be said that a person article has no work in the making. Enough so may not work in the old order still has, and right, and should be available to the refusal or to refuse to contract a sale for any reason whatever.

LEGAL PERSPECTIVE

"THANKS"

On Tuesday morning March 19, the greatest holiday for Irth we found Life School decorated to an extent that high school visitors could be heard exclaiming. Instead of having a handful of loyal Montclair students, we decided to do this in high school.

According to a college spokes­man, the College has been in operation for 35 years and it has provided a unique opportunity to students. The school has been a comprehensive program of education several years ago; but the College has been in operation for 35 years and it has provided a unique opportunity to students. The school has been a comprehensive program of education several years ago; but the College has been in operation for 35 years and it has provided a unique opportunity to students. The school has been a comprehensive program of education several years ago; but the College has been in operation for 35 years and it has provided a unique opportunity to students.

Agora, Psi Chi, Beta, Tau Sigma Delta and the Men of Phi Sigma.

P.S. We would also like to give a special thanks to the pledges of

M. E. Partridge, Dr. Marion Collins

I. William Seely, a sophomore science major, wish to announce his methods for the students of Mont­clair. He will come to the school in the fall and we are about to begin teaching. He will come to the school in the fall and we are about to begin teaching.

The Social Studies, Business Education, History, and Government classes are working to advance the rights of the Negroes they would be fit for the "Mudflats," Judicial, or Executive action.

In conclusion, the main points of this article are as follows:

1. That the problem must be solved, but rather a civil privilege. It is not in the nature of things to be considered as indeed we could not, impossible. The solution to the problem is not the simple solution. The solution to the problem is not the simple solution.

2. That the problem must be solved, but rather a civil privilege. It is not in the nature of things to be considered as indeed we could not, impossible. The solution to the problem is not the simple solution. The solution to the problem is not the simple solution.

"West Side Story"

DR. ROLAND H. DANIELS

Dr. Roland H. Daniels of Tolland State College gave a lecture on "Student Dropout Problem" on March 20, 1964. In his lecture, Dr. Daniels presented some statistics and explanations on the phenomenon of student dropouts.

### PROFILES

#### Indian Graduate Studies Here

**Mrs. Rajesh Agrawal**

Mrs. Agrawal is a recent graduate of Montclair State College. She was born in India, where she attended school through the eleventh grade. After her graduation, Mrs. Agrawal moved to the United States and enrolled at Montclair State College. She is currently pursuing a degree in education.

Mrs. Agrawal's experience in India has been shaped by the cultural and educational differences between India and the United States. She has encountered challenges in adjusting to the American educational system and has had to learn new techniques for teaching and learning. Despite these challenges, Mrs. Agrawal remains committed to her studies and is determined to succeed in her academic pursuits. She is an example of the determination and resilience displayed by many international students who come to the United States for higher education.

#### Montclair's 1964 Campus Queen

**Sharon Wilson**

Sharon Wilson is a senior at Montclair State College and was selected as the 1964 Campus Queen. She is a member of the Student Government Association and is active in several campus organizations. Sharon Wilson's leadership and dedication to her studies and community involvement have earned her the distinction of being the 1964 Campus Queen.

Sharon Wilson's selection as the Campus Queen is a testament to her commitment to excellence and her role as a role model for other students. Her leadership and influence in the campus community are highly valued, and she continues to inspire and motivate students to strive for excellence in their academic and personal lives.

### Dr. Daniels Conducts Seminar on Student Dropout Problem

Dr. Daniels, along with his team, is conducting a seminar on the student dropout problem. The seminar aims to explore the causes and solutions to this issue, which affects many students across the globe. The seminar will provide insights into the psychological and social factors that contribute to student dropout and discuss effective strategies to prevent and address this problem.

### Introducing Our New Campus Queen

The Montclair State College community is excited to welcome Sharon Wilson as their new Campus Queen. Sharon's leadership and dedication to her studies and community involvement have earned her this prestigious title. She will serve as a role model for other students and continue to represent Montclair State College with pride and excellence.

### NJCEEE Services Available

The NJCEEE (New Jersey Council on Economic Education) offers various services to support economic education for students and educators. These services include travel grants for students, professional development opportunities for teachers, and resources for developing and implementing economic education programs in schools.

### European Jobs

The trend among students during the summer is to work in Europe. Thousands of jobs are available, including internships, part-time, and full-time positions in various industries. These jobs provide students with valuable work experience and exposure to different cultures.

### Three Costs working in Europe

####旅游局建议

1. **Transportation Costs:** Traveling to Europe can be expensive, and it is important to consider transportation costs when planning a trip.
2. **Accommodation Costs:** Accommodations in Europe can be costly, and it is advisable to research and compare prices for hotels, hostels, and other accommodations.
3. **Food Costs:** Eating out regularly can be expensive, and it is essential to plan and budget for food expenses.

### Attention: Junior Interns!

The Junior Intern for the Montclair State College Office of International Programs is available to answer any questions you may have. She can provide information on study abroad programs, internships, and other opportunities for students interested in international experiences.

### NJCEEE Volunteer Opportunities

The NJCEEE offers various volunteer opportunities for students and educators interested in economic education. These opportunities include assisting with economic education programs, teaching workshops, and participating in events and conferences.

### Montclair State College Events

Montclair State College offers a variety of events and activities for students, including concerts, lectures, and cultural performances. These events provide opportunities for students to engage with different cultures and ideas, promoting a diverse and inclusive campus community.

### NJCEEE Student Research Grants

The NJCEEE offers student research grants to support economic research projects. These grants are available to undergraduate and graduate students interested in conducting research on economic topics. Applications are open to eligible students, and deadlines are announced on the NJCEEE website.

### Montclair State College Athletics

Montclair State College offers a variety of athletic programs, including men’s and women’s basketball, volleyball, and soccer. These programs provide opportunities for students to stay active and competitive, fostering a strong sense of community and teamwork.

### Montclair State College Alumni

Montclair State College alumni are an integral part of the college community. They are often involved in various activities, including mentoring programs, alumni events, and fundraising efforts. Montclair State College values the contributions of its alumni and is committed to fostering a strong and supportive alumni network.
FENCING RESULTS

On March 11, in the most start­ling upset of the season, MISC’s Women’s Fencing Team lost the Varsity match to NYU by 30 - 6. It is particularly hard to ex­plain the varsity loss when the JV’s confidently cut down NYU 11 - 5.

Saturday, March 14, the Varsity­ly locked victors over Bos­ton College and FDU-­Rutgers in their last two dual meets of the season. Since the C.W.S. Post team cancelled their Monday, March 16 match with MISC, Montclair faces no more intercollegiate opponents until the Championships, April 17-18.

Linda Borella, last year’s cap­tain, a senior Spanish major, came out of her slump to win 3 of her 4 matches against NYU. Linda, a left­hander was the only one to defeat Carol Abby, a clas­sified fencer and also a left­hander, who fenced in the Ju­nior Olympics.

Linda cruised Carol Abby 4 - 0; Frain Finch battled Abby to a 4 - 3 loss as she ran out on their host. Frain won 2 bouts; Cathay Chrome won one. It was an off night for teammate Cathy Ratas. The JV’s performed like a close­knit fighting unit against NYU with Ruth Goldberg win­ning all her bouts on re­again. Bonnie Hounsa winning 2; Marge Folka 5; and Linda Falloon de­feated 1, winning 2. Orris Morris was substituted for one bout.

Varsity fencers Captain Chee­ney, Frain Finch, Linda Borella, Cathay Ratas and substitutes Marge Folka, and Ruth Goldberg posted easy wins over FDU and P - R.

Against FDU, Frain took all her hosts. Linda, Cathy and Car­ly Fenn were each, winning 3 and 2 respectively.

Against FDU - R Frans de­feated all opponents with three of the four victorious bouts 4 - 0 in touchdowns. Cathy won of 4 bouts: 2 of them 4 - 0, Linda and Carolyn each fenced and won 3 bouts: one of Linda’s vic­tories was 4 - 0, Marge and Cathay won respectively 3 and 2 bouts each.

Montclair State’s varsity and fresh­men track squads ended their indoor season on Saturday, March 16, 1964, with participation in the 39th annual track­ing Tournament of Champions.

The varsity division was won by Fairfield Dickinson with state­fencing track, Ohio State. Bob Wells won the for the Indians, winning two gold medals: 440 yard hurdles and then broke the meet record for the 33 lb. weight throw with a toss of 39’ 1 1/2”.

His second gold medal was obtained in the 16 lb. shot put with a throw of 48’ 0”. The varsity’s only other medal winner was John Depelmann. He placed third in the 35 lb. weight throw.

The freshmen team tied John Depelmann. He placed third in the shot put with a time of 7.9 seconds. Rumsey had an excellent high school coaching record, and has already been a successful mentor at MISC.
