"AUTUMN WEEKEND" HITS MSC CAMPUS

CLUB, The College Life Union Board, is a new approach to the extra and co-curricular program of MSC. Club initiates its first season of social, cultural, and recreational activities with a concert on October 9 by the Serendipity Singers and the George Shearing Quintet in Panzer Gym.

Composed of the four elected class vice-presidents, one student-at-large, the assistant treasurer of the SGA, two faculty members, and the Director of Life Hall, CLUB will be offering Montclair students at least two major concerts; the Christmas Ball, a games tournament, and other events under the auspices of the Department of Student Activities of the Student Government Association.

The sponsorship of the Serendipity Singers and George Shearing Quintet concert, erroneously attributed to the Ford Company, is just a sample of the special events to come.

Emlyn Williams to Portray Dickens

Emlyn Williams, one of the English-speaking world's most distinguished actors, will appear in his celebrated performance as Charles Dickens on October 19 at Montclair State College, Players announced today. Mr. Williams will be playing the great novelist in some eighty North American cities during the forthcoming tour under the aegis of Impresario S. Hurok, who has been trying for some time to persuade the actor to repeat his record-breaking success of ten years ago.

This Symphony has gained world renown throughout Israel and Europe and has increased in international attention.

Williams, who recently starred on Broadway as Pope Pius XII in the controversial play, "The Deputy," is nearly as famous as an author and playwright as he is as an actor. His autobiography, "George," was a bestseller of last season and his plays, "The Corn is Green" and "Night Must Fall" particularly, have been resounding hits on both sides of the Atlantic and in their film versions. The new version of "Night Must Fall," starring Albert Finney, is a current release.

Last season Williams appeared on Broadway as Sir Thomas More in one of the year's finest plays, "A Man For All Seasons." His motion picture credits range from "Ivanhoe" to "Dolwyn." Costumed as Dickens, Williams' recreation of the great novelist's remarkable characters has held audiences spellbound in New York, London, the Edinburgh Festival and across North America in two memorable tours.

MOC TO PRESENT ISRAELI GROUP

The Israel National Youth Symphony, Gadna, will make its appearance in Memorial Auditorium on October 12. The concert is being sponsored by Montclair's Music Organization Commission, MOC, which was organized in 1955.

The Commission's primary purpose is to foster, administer and direct the activities of the band, choir and orchestra of Montclair State, and has also brought outstanding talent to the campus.

Geography Department

Displays Individual Talent

Mssrs. Daniel Jacobson, Bertrand Boucher, and Frank Kelland of the Geography Department will display their talents in their respective areas and incorporate much of this work into their teaching at Montclair.

Dr. Jacobson, who just completed a book on the Leni-Lenape Indians will publish a new book, "New Jersey--Past and Present," which he has worked on with a group of men from the Social Studies Department at Jersey City State College. It will be used as a supplement in history for high school seniors and college freshmen. Dr. Jacobson has also written the articles on the Indians of North America and on New Jersey for the new edition of the Book of Knowledge and is completing a book of Indian stories on seven tribes to be used in junior high schools.

Mr. Boucher, who previously authored "Guide to New Jersey Geography" and was editor-in-chief of the New Jersey Almanac, is publishing a book, "A Pictorial Study of New Jersey" which will appear before Christmas. The work is primarily to commemorate the Tercentenary of New Jersey and will contain 150

pictures of contemporary New Jersey with a text written by Mr. Boucher.

Cartographer, Mr. Frank Kelland, has prepared a set of outline maps on the seven continents which have been published and are now being used in Earth Science classes throughout the country. Accompanying these is also a special map of New Jersey. Soon to be published is an Earth Science workbook which will be used by the college. Mr. Kelland continues in the office of Chairman of the Earth Science Section of the New Jersey Science Teachers Association which he has held since 1961.

The Geography Department and Gamma Theta Epsilon, Montclair's chapter of the National Geography Fraternity are looking forward to several meetings in which they will participate. On October 9, 10, 1964 the Association of American Geographers meets in Binghamton, New York and the National Council for Geographic Education meets in Minneapolis on November 26, 27, 28, 1964.

The latter, Dr. Jacobson will speak on Historical Geography in the Schools of America.

Bond Issue Is Up for Vote

On November 3, the voters of New Jersey will be asked to vote upon the College Bond Issue. The referendum, if passed, will provide New Jersey colleges with approximately forty million dollars. Unlike last year's bond issue, the new referendum is to be used only for specific projects at specific colleges. All the state colleges, Rutgers, the state university, and Newark College of Engineering will benefit from the passage of this referendum.

Montclair State College will receive 2.8 million dollars. This money will be spent to enlarge the gymnasium, Life Hall classrooms, the heating plant, the Fine and Industrial Arts Department, and to complete the renovation of College Hall.

The legislation behind the bond issue before the voters passed by a vote of 53 to 4 in the Assembly and by 14 to 2 in the Senate. Governor Hughes signed the bill on July 13.

MONTCCLAIR INDIANS SCALP UPSALA VIKINGS 19 - 0; ZIMMERMAN, GORALCZYK SCORE TD'S; ZULEWSKI BOOTS

The Indians of Montclair opened their 1965 season by crushing the Upsala Vikings 19-0 last Saturday night.

Montclair began their scoring juggernaut with a field goal late in the first quarter. Two exchanges of offensive tactics and a poor Viking punt placed Montclair on Upsala's 30 yard line. Indian quarterback Jim Carovilland then connected with right half Ron Zimmerman for 18 yards. From Upsala's 8 yard line, Al Zolewski placed the pigskin through the uprights, giving MSC a 3-0 edge.

Throughout the half, Montclair confined Upsala to its own territory.

A tremendous offensive effort in the third quarter gave Montclair 2 touchdowns and 4 conversion points. An alert MSC defense having trapped the Vikings in their own 35 yard line, opened up with their ground attack, sending Zimmerman through for 3 yards. After Ted Zolewski picked up the first down with a 9 yard scamper, Zimmerman swept the left end going 22 yards for the touchdown. Total gain for the second half was 16 points. A hard hitting Indian line held the Vikings to less than 80 yards on the offense.

Montclair State halfback Ron Zimmerman heads for the MSC goal to score the first touchdown of the game.

Coach Jerry Edwards confers with MSC Co-Captain Bill Goralczyk regarding strategy for the game at Clifton Stadium against Upsala.

Dr. J.W. Duffy Publishes New I. A. Textbook

Dr. Joseph W. Duffy, Associate Professor of Industrial Arts, has published a new textbook, "Power--The Prime Mover of Technology." It is a text that is being used both in high schools and in community colleges and combines the industrial arts approach with practical science.

The textbook, along with a laboratory manual and teachers' manual, covers everything from the strength of the human hand to the X-15 rocket ship and from muscle power to atomic power.

Dr. Duffy who has been on the Montclair faculty since 1958, received his Bachelor and Masters degrees and his Doctorate from New York University, and has had a wide range of experience in public schools and in university teaching.

He has published many articles in educational and technical journals. He is a member of most of the teacher education organizations in Industrial Arts and Vocational Guidance.

Dr. Duffy's new book is published by McKnight & McKnight in Bloomington, Illinois.

Dr. Duffy is married and has two boys and two girls and lives at 14 Fayson Lake Road, Kinnelon.

MSC DOWNS SETON HALL

Good old hard work and plenty of hustle brought MSC's soccer team its first victory in three encounters last Saturday afternoon. Seton Hall's international soccer team was defeated by a 2-1 score.

Early in the second quarter, junior Gus Faustine deposited a beautifully executed hitch-kick into Seton Hall's goal with the help of Jim Ballard's assist. From then on, the "candy-stripers" were never behind again. A tight defense led by "Bull" Fanaras and ably supported by Sam Turner and freshman Gus Migliari constrained seton Hall's powerful offense in all but one play--a hard shot goal by Zack Yamba, an exchange student from Kenya. Peter Baubles helped to achieve MSC's one game victory string by stopping a penalty-shot with a "panther-like" dive into the corner of the goal.

The winning score was achieved by senior Jim Ballard, who outmaneuvered Seton Hall's goalie for the margin of victory. Other fine performances were turned in by Jerry Lewis and the rest of the forward wall.

Montclair State's next home soccer game will be against N.J. Conference rival, Glassboro State, Saturday, October 10 at Brookdale Park.

MSC Runners Place Third in Meet with CC&SC

On Saturday, October 3, Montclair's runners faced the strong teams of Southern and Central Connecticut in a triangular meet, in which Montclair was severely handicapped on both the Varsity and Freshman levels.

In the varsity race, which was 4.3 miles long, two men, Ed List and Charles Beck, failed to finish. Therefore with only three runners left, MSC could not hope to win.

In the Frosh race, which was 2.3 miles long, one of Montclair's better runners, Jim Harris, was sick and could not run. That left MSC with four runners. During the race, Joe Redondo twisted his ankle and did not finish.

The score for the Varsity was Central Connecticut 24, Southern Connecticut 43 and MSC 62. In the Frosh race it was Central Connecticut 15, Southern Connecticut 59 and MSC 67.

INDIANS TO PLAY CC TOMORROW

Montclair's football team will meet Central Connecticut State College at New Britain Connecticut on Saturday. It will be the 25th battle for the teams. The Indians, having won the last seven straight encounters with the Blue Devils, lead in the 12-10-2 series.

The Montclair victory last year was sparked by five touchdowns to Central Connecticut's one. The 34-9 game took place on October 5, 1963 at Clifton Stadium.
