The Initiative and Referendum proposal (ISR) was approved by the Assembly State Government Committee last week after a three hour long hearing in the Student Center Ballrooms.

The Committee, chaired by Assemblyman Richard Zimmer, considered testimony from civic and organizational leaders. Assisting Zimmer in evaluating the testimony were Assemblymen Joseph Cherichini, Joseph Churches, Robert Martin and Assemblywoman Marion Crecco.

As the hearing opened, Assemblywoman Crecco underscored the importance of her issue at discussion. "We are here tonight to consider the referendum before us, this depends on an educated and democratic electorate," she said.

According to a copy of the Initiative and Referendum bill, petitioners would have to submit law-making requests to the state legislature. If the legislature fails to take action on the request within one year, it would be placed on the ballot for the next general election.

The copy additionally states that a required number of signatures are needed to validate a petition. It reads as follows: "The number of signatures on an initiative petition, proposing a constitutional amendment, must equal at least 12 percent of the voter register as of the preceding gubernatorial election (currently 240,000 signatures)."

The proposal also stipulates that only 8 percent of the last gubernatorial vote is necessary to enter a bill into the legislature (presently 160,000 signatures).

In terms of the testimony, many of the civic and organizational leaders testifying were in favor of the proposal. New Jersey State Senator John Dorsey supported the proposal saying, "The purpose of ISR is to really respond to the needs of the people, to go to the people for their input when the legislative process breaks down." He initiative and Referendum gives our citizens a right they deserved for a long time."

SAG Vice President of External Affairs Michael Rodak also endorsed initiative and Referendum. "This process, if passed, will give the citizens opportunity to raise such issues as taxes, environmental hazards, and medical care, which are near and dearest to the people," he said.

However, there is a restrictive clause in the Initiative and Referendum Proposal. "Signatures from any county must be 5 percent of the minimum number of signatures required on the petition will be disregarded."

Koffman proceeded to cite a Star Ledger Eagleton Poll taken in 1984. "According to this poll, 79 percent said that if they could not decide significant issues by themselves and 67 percent said that lawmaking should be left strictly for the state legislature."

Koffman added, "Thus by legalizing Initiative and Referendum, we're just simply telling the public to spin the wheel and hope for the best."

The New Jersey State Legislature is expected to vote on Initiative and Referendum by the middle of next month. If passed, New Jersey will become the third state to have adopted ISR in some form.

The hearing was attended by nearly 175 concerned citizens including MSC President Donald Walters.

Board of Trustees reviews South African investments

By Tom Boud

The Board of Trustees moved to request detailed information on Faculty Student Cooperative Association (FSCA) investments in South Africa last Thursday.

This resolution entails sending a letter to the FSCA requesting an executive officer to attend next month's board meeting in order to explain the condition of these short term investments and government securities.

"This is so we can draw up an appropriate policy concerning the South African investments," said Robert Altman, board delegate to the FSCA.

"This is important for the board's policy and the Faculty Co-op's policy must be consistent."

The Sullivan Principles are a set of guidelines for American firms and their affiliates in South Africa dealing with nonsegregation and equitable employment practices.

Altman started the main point of the issue is that companies in South Africa must comply with the Sullivan Principles. That is to say, neither primary nor secondary investments may go into companies which do not conform to these principles.

Altman said that the policy regarding the investments will soon be drafted. "As for the policy itself, we hope to have it drawn up by next month."

In other board affairs, MSC President Donald Walters discussed enrollment decline in his briefing to the board. "In relation to future admissions, the Northeastern United States will be hit the hardest, for the 18 year-old population will decrease appreciably between now and 1990," Walters said.

Walters discussed his method of offsetting this decline. "We are doing studies in enrollment management with the nationally-ranked marketing firm, Barton-Gillet. This will bring more insights concerning our admission's posture."

Walters also commented on the four-day summer work week experiment. "The results were positive. We found that both the faculty and the students benefited from it's idea moral-wise," Walters said. "Thus we will conduct the same program for next summer."

Walters said that other rearrangements are being considered, such as converting state holidays into workdays.

Referring to SGA business, SGA Board of Trustees representative Dennis Mudrick announced the coming of Spring Week '86, slated for April 22-27.

Mudrick also announced that the theme of Spring Week '96, "Celebrate With Me at MSC," will commemorate the Statue of Liberty. Liz Refinski, SGA Director of Public Relations, has been appointed co-coordinator for this week-long extravaganza.

Mudrick also informed the board of the upcoming National Association for Campus Activities (NACA) convention. The SGA passed a bill appropriating $1,761.00, permitting MSC students to attend in Washington D.C. from Feb. 15-20.

Mudrick said that the representatives to this convention include two SGA students and one student each from the Black Student Cooperative Union (BSCU), Class One Concerts, College Life Union Board (CLUB), and the Council on International and National Affairs (CINA).

Mudrick mentioned that a Super Dance Marathon will be held on Apr. 4 and in support of the muscular dystrophy effort.

On a cultural note, Prof. Madeleine Serpent, chairperson of the French department gave a presentation about this department's activities. "The French department offers a variety of programs to meet the needs and interests of today's student body," Serpent added. "This includes the Liberal Arts, Teacher education, and a concentration in translation studies."

Serpent emphasized the progress of the translation concentration. "With this development, graduating students have had considerable success in finding bilingual administrative positions in the New York/New Jersey Metropolitan Area."

In conclusion, Serpent said that the French department is overburdened. "In the past few years, we have lost several lines. This loss of additional lines would represent significant damage to the academic program. As it is, we are already overextended."

AN EQUAL OPPORTUNITY EMPLOYER M/F
Budget Reduction Act
found unconstitutional

By Terry Rehm.

According to Governor Kean’s State of the Budget message, there will be no increase in NJ’s State College’s tuition for the 1986-87 academic year. The SGA was informed by Vice-President of External Affairs Mike Rodak at last night’s meeting. Rodak received verbal confirmation that no increase will take place this week from Mr. Gassert, Chairman of the State Board of Higher Education.

Rodak also announced that the Gramm, Rudman, Hollings Bill was found to be unconstitutional by the Supreme Court. The bill was recently passed by Congress, and drastically reduces funds allocated to each state for the purpose of financial aid to state college students.

The Supreme Court found the bill to be unconstitutional because it gave too much power to the President. Rodak, according to the original bill, the President had the power to decide the amount of money which would be granted to states for their state college financial aid programs. Currently, the bill is being reworded so that Congress will have to approve any appropriations which the President should make.

“The Supreme court will word the bill so its legal, and the cuts will still go into effect,” stated Rodak. It is expected that the bill will be passed in the near future, and that the cuts will commence on March 1, as expected.

Under the Gramm, Rudman, Hollings Bill, New Jersey State College students can expect to see cuts in several financial aid programs. The total amount of money granted under College Work Study Programs will decrease by 72%. Pell Grants by 34%, and Supplemental Education Opportunity Grants by 56%. In addition, a new interest rate on Guaranteed Student Loans will increase from 8% to 10% as of July 1, 1986. Rodak urges all MSC students who receive financial aid to write to their senators, asking that no further cuts be made.

As a final note at last night’s meeting, Rodak reminded the legislature that the state autonomy bills are coming up for vote, and that all state college students should express their support. Under these bills, state colleges would receive much more control over the money that the state grants them. Presently, the state must approve most of the colleges’ expenditures, greatly limiting their activity. “If the bills are passed by March 7, and the governor signs them by March 31, it will take effect in September,” added Rodak.

Also at last night’s meeting, the legislature amended the National Association of Campus Activities (NACA) bill. The SGA will now appropriate $2167, rather than $1761, so that six MSC students may attend the NACA conference in Washington D.C. on Feb. 15-20. The conference teaches programming techniques on college campuses. The MSC students attending will be Martha Losche from CINA, Shawn Smith from BSCU, Jim Nooney and John Dorval, both representing the MSC. The SGA will now attend the Spring Week organizational meeting on Fri., Feb. 14, in room 126 of the Student Center. All are invited.

In other news, there will be a Spring Week organizational meeting on Fri., Feb. 14, in room 126 of the Student Center. All are invited.

The Political Science Club is sponsoring a trip to the United Nations on Thurs., Feb. 20. Tickets are $10. More information and tickets may obtained in the Student Center lobby on Mon. and Tues., Feb. 17 and 18.

Academic Affairs of BSCU invites all interested students to compete in our essay contest. Students must write (500 words or less) on our chosen topic for Black History Month: “Black Americans In Our History: What They Mean To Me.”

Developing Your Personal Potential
East Indian situation discussed

By Linda DeCaro

Religious and political changes concerning East Indians in the Caribbean was the focus of a lecture on Feb. 6 sponsored by the International Studies Program.

Dr. Klass, a Professor of Anthropology at Barnard College and Columbia University, did his field work in Trinidad, studying the culture of the Indians for thirty years.

"Most people are unaware that Indians constitute 40% of the West Indies population," said Klass. "They were brought to Trinidad and Guiana in 1834 to replace the emancipated slaves on sugar plantations. Although the Indians were indentured slaves, and were permitted to return after their work was completed, many remained in the West Indies as farmers or private retailers. Religious and political freedom were the two important changes stressed by Dr. Klass. The greatest influence on these is Saibaba, an Indian man who claims to be the all-inclusive God reincarnate. Saibaba generated approximately 15,000 followers, most of whom are wealthy elite Indians. Dr. Klass reasons that Saibaba became popular in the Caribbean because he links Indians to their past culture. Because of Saibaba's efforts, Indian customs, such as sexual segregation in chapels and the singing of old Hindu hymns, were revived. Saibaba's religion also offers modern changes. It rejects the caste system, offering social equality for everyone. Saibaba brought political freedom by abandoning the caste system. In the past, Indians had to be part of the Brahman sect, the highest caste in Trinidad, to be politically involved. Now all Indians are free to participate in the government due to Saibaba's equality notion.

The Indians claim that Saibaba has created miracles, such as reviving the dead. Although Dr. Klass recognized the Indians' conviction, he finds it hard to accept Saibaba's feats as miracles. He also doubts the possibility of a universal God reincarnate.

Indian culture and religion suffered after migration to the Caribbean. Hinduism, India's main religion, was unrecognized by the British aristocracy. Marriages by Hindu priests were considered invalid. Indians were forbidden to cremate their dead, as was their custom. Clothing was to be strictly British-style, and the Indian caste system was dropped. All Indians were forced to adopt a new caste arrangement in which the British were the highest class and the Indians were the lowest.

Klass discussed the humble lifestyle of the Indian slaves. "Living conditions were poor for the Indians. Wages were two or three dollars a day at best." In 1974, the price of oil went up. Trinidad possessed a major oil field and was able to form an independent nation with its new source of revenue. Sugar plantations were nationalized, and private farmers could no longer take advantage of Indian labor. The government distribution of wealth made it possible for Indians to get jobs, build new houses and start their own businesses. Hindu schools replaced those formed by Canadian missions. Through financial growth, Indians slowly gained back their cultural independence.

Education aid to be axed - again

For some students, attending college is a dream come true. For others, it may be an obligation to a parental wish. But whatever the reasons, the opportunity to pay for costly college tuition and other expenses has been available through financial aid. This may no longer be the case for many.

In an attempt to reduce the national debt, Congress has passed the Gramm, Rudman, Hollings Bill (Federal Budget Reduction Act). Because of this bill, less money will be allocated to each state for their college financial aid programs.

What will this affect New Jersey state college financial aid programs? Very severely. Effective March 1 of this year, funding for the College Work Study Programs will be cut a whopping 72 percent; Supplemental Education Opportunity Grants will be cut 56 percent; and Pell Grants will be cut 34 percent.

In addition to this, the interest rates on Guaranteed Student Loans will increase from 8 to 10 percent as of July 1 of this year.

What does this mean to the students? For one thing, many students who have relied on positions through the College Work Study Program will have to look for outside jobs to pay for college expenses. But what will happen to all these jobs? Will they be completely eliminated? Or will the two programs simply be replaced, by providing manpower and the students, by providing a way of earning money to put toward college expenses. Many students who have relied on positions through the two programs may not be able to make up the difference in these cuts by getting outside jobs. Instead, they might have to take fewer credits each semester in order to afford their tuition. Thus, there will be a lot more students on the 10-year plan.

As an important figure in the budget crisis, what is President Reagan doing to alleviate the situation? While supporting the educational cuts, and cuts in other social programs, he increases spending on his national defense program by a further 15 percent. With all this, he hopes to properly achieve a balanced budget? It isn't like the world will be overrun by stupid people and a lot of useless and dangerous weapons!

So what can we do about it? The Supreme Court found the Gramm, Rudman, Hollings Bill unconstitutional, so there still may be time to voice your objections.

Also, there's the old standby of writing to your congressmen. Education is said to provide for a better future. Apparently, men like Reagan believe that building more and more weapons will help the future of this country. If you think otherwise, do something—protect your opportunities to get an education!
To the editor:
A short while ago I turned 23.
"Finally," I said to myself, "I've reached an age that I can publicly admit to being." Everybody knows that people between 16 and 22 are the worst scum imaginable. They're the ones that drive recklessly, get drunk every night, stolen every weekend, and the ultimate cause of every abortion performed in America. But, the day you turn 23-ping-pong I immediately transformed into a mature adult, capable of handling your place in society.

The actual date varies a bit depending on what level of maturity you're required to reach. The state is convinced that on your 21st birthday you learn how to handle your alcoholism problem, and will trust you to buy your own. The final holdsout, of course, are insurance companies who refuse to believe that a person can be trusted to drive safely. Until ping-pong the day he turns 25.

The $98.56 question and how it came to be asked

To the editor:
On Fri., Feb. 7, we all woke up to a snowstorm which had already dropped several inches of snow on the ground. The weather forecast predicted constant snowfall all day. The 7 a.m. radio weather reports warned of a major snowstorm, several inches of snow on the ground. The radio forecast predicted a major snowstorm, several inches of snow on the ground.

THE BLACK STUDENT COOPERATIVE UNION MONTCLAIR STATE COLLEGE

SOME DREAMS NEVER DIE

The Black Student Cooperative Union of Montclair State College Celebrates BLACK HISTORY MONTH 1986

B.S.C.U. IS A CLASS I ORGANIZATION OF THE S.G.A.
"My dear friend, you have been on my mind a lot recently. I hope you are well. I was thinking of you today and wanted to reach out.

I understand how much you miss her. She was always there for you, offering comfort and support whenever you needed her. I know how hard it is to let go of someone so special.

I wanted to share a few memories with you. Remember how we used to long for each other's presence, even though it was never enough? Those moments seem to come back to life whenever we think of her. I wonder what she would say if she were here, knowing you now.

I've been thinking about the times we spent together, the conversations we had, and the laughter we shared. It's comforting to know that she's still watching over us, guiding us through life.

Sending you all my love and support. Remember that you are not alone in this journey. I am here for you whenever you need me.

With love,
[Your Name]
Personals

— Terr. You were supposed to set the alarm for 10 a.m., not 10 p.m. My lateness is on your conscience. You, "sleepy" pal, Jim.
— To the Company of Players: "Fantasticks" I Love You All! Break Bones, Lisa.
— To the "Fantasticks" cast and crew: To wish us all a successful run and, not least—to players! Thank you for allowing me to be a part of it. Joe.
— To Riff & Raff: Why did you leave so fast? If we shall meet again, maybe we could be more than friends! This is our next move! Signed Ying & Yang.
— Hi! Still waiting on the beautiful girls who think they’re feet are sexy. Hint: open toe and ankle shoes are the best! To.
— Lance: You are Great D.J.! Why can’t we be friends? B.
— Lance: I couldn’t resist the following comment, "Ever have wild fantasies about two women in one night?" An old friend.
— Mike L: L’Oreal came out with a new shade of Dragon Lady red for your nails! Dawn and Sue (Marvin).
— Papa Bear: We deserve so much more. When is it going to get better? I love you more than everything else and the world keeps getting in our way. Just hold me and don’t let go. I’m lost without you. Bear Cub.
— Maryann: I will visit you! Soon! Really! But I’m so---- busy! Love. Gary.
— Scott (Hillcrest Terr): Sorry for all the “experiences” I put you through last semester. Hope that we can still be friends. Love "K" (F.A.).

Reminder to all students: The MSC campus will be closed on Mon. Mar. 10th in official observance of Bill Nornyle day. Enjoy your 3-day weekend!!

Marshall Crenshaw brings a new flavor to old rock

By Jim Nooney

One of America’s most critically-acclaimed rockers is coming to MSC. Class One Concerts is proudly presenting Marshall Crenshaw on February 24 in Memorial Auditorium. This Detroit-born musician blends such influences as Elvis Presley, the Everly Brothers and Elvis Costello into a brilliant original style. England’s New Musical Express, in describing Crenshaw’s sound, said, “The tunes are born yesterday, played today.”

So why hasn’t Marshall Crenshaw gotten the public attention given to such artists as Bruce Springsteen, Bob Dylan or John Cougar Mellencamp? Maybe because his best known song “Somewhere Someday” received more airplay when it was covered by Robert Gordon. Or maybe because many people felt that Crenshaw’s second album “Field Day” unsuccessfully tried to combine his traditional flavorings with the sweeping, majestic style of U2 producer Steve Lillywhite. Whatever the reason for his past anonymity with many rock fans, Crenshaw’s third album “Down Town” may finally bring him commercial success on the same scale as his critical approval.

“Down Town” is ten tracks of energetic, multifaceted rock and roll. The album’s focus is on Crenshaw’s expressive vocal style and his solid guitar playing. The first track on the album to receive significant airplay is “Little Wild One (No. 5)” This mid-tempo rocker combines a subdued yet emotional vocal with a ringing, shimmering guitar sound. The song styles range from the sensual rhythm of “Yvonne” to the rockabilly pop of the Gene Vincent gem “Right Now.” “Down Town” benefits tremendously from the production efforts of rockabilly hero T-Bone Burnett, R.E.M. whiz Mitch Easter adds his production touch to the cut “Blues Is King.”

Comparisons to Holly may be a bit premature, but you can judge for yourself on February 24 when Marshall Crenshaw brings his personal updating of the classic American rock legacy to MSC.

Stereo Review effectively summed up the album “Down Town” in its review, describing the album as “a mature, almost autumnal-sounding overview of thirty years of jukebox pop in the tradition of Buddy Holly.”

Gotta Dance!

The Jose Limon Dance Company is coming to MSC’s Memorial Auditorium on Fri., Feb. 21 at 8 p.m. Company founder Limon achieved worldwide fame with his dynamic, masculine dancing and dramatic choreography.

Today the Company continues his original concept of repertory dance, performing the works of Limon, Humphrey, Sokolow, Cabrion and others. Tickets are $5 standard, $3.50 for MSC students with valid I.D. For ticket information, call 893-5112.

Junior varsity provides the building blocks for success

By Perry Schwarz

Every football pre-season, the colors of red and white are worn by the athletes at Sprague Field. But when school starts, the colors of royal blue and white are visible among another group. Oh yes, the varsity players still wear the red and white practice garb, but who are those other guys with the blue on?

Traditionally, in high school the students look down on the junior team, but that isn't the attitude of the players, coaches, and fans at MSC. The J.V. program is the foundation of the MSC football program. When September arrives, the freshmen buckle their pads and tighten their chinstraps just like the varsity squad. The Juniors go through the same grueling, hot practices and conditioning procedures as the NJAC Champion Indians do. As a MSC everybody contributes to the team, no matter what their level. The program is a team-oriented situation which starts at the J.V. level. MSC Head Coach, Rick Giancola's philosophy is that everyone participates and is an important part of the program. The freshmen play J.V., so they can contribute as sophomores to the varsity team. This enables the players to get a year under their belt so they have a little experience to fight for a spot. But what difference can one year make? At MSC, a lot, especially with the fine coaching staff the Indians have.

Head freshman coach Tony Napa­rano has been involved in the game for 50 years. He brings a wealth of experience and advice to the younger members, and is the perfect person to mold the players' minds. Coach "Nap" has two other assistants who serve the same purpose: Mike McCoppen and Bob Knudsen.

Coaches McCoppen and Knudsen are invaluable assistants to Naparano. Their contribution to the junior varsity coaching squad is to give the younger players more individual attention. It is because of the quality coaching staff that these younger players have the ability to step right in and contribute on the varsity level.

So, when you, the fans, are out watching the varsity Indians on Saturday, you can be assured that their success can be greatly attributed to the fact that they were once those same players who competed on Mondays. When those junior varsity players get the opportunity to step up on the varsity level, they'll be ready to make the most of it.

What's What in MSC Sports

The Men's Varsity Tennis team will hold a meeting for all those interested in joining the team. They will meet on Tues., Feb. 25, at 4 p.m. in front of Panzer Gym.

The men's varsity swim team finished the season with three victories. After defeating Maritime College, Rutgers-Camden and St. Francis, their season record stands at 6-4. The men are preparing for the Metropolitan Swimming Conference Championships which will take place at Fordham University on Feb. 20-23. Fine performances are expected from last year's national qualifier Rich Taylor, Andy Pecoraro, Dave Crickenberger, Dave Eaglesham, Scott Raymond, Joe Jancicelli and Giancarlo Collitti.

The Men's basketball squad faces a do-or-die situation in their last contest of the season. Saturday at Panzer Gym against NJAC foe Jersey City State. They currently stand one game behind William Paterson for the final qualifying spot for the conference playoffs.

Robert Smith climbed to fifth in the state in scoring this week. He's averaging 22.2 points a game, and that figure leads the NJAC.

The Women's basketball team will be trying to improve their NCAA Division 3 playoff committee this week. Cemented in third place in the NJAC, the Indians take on East Stroudsburg and Stony Brook in two non-conference games at Panzer Gym. Their regular season will be completed at the East Stroudsburg clash Monday.

Debbie Emery is still holding onto the lead as the NJAC's top scorer with a 19.9 average. That figure also places eighth on the list of top scorers in the state.

Men's indoor track squad is looking impressive

cont. from p. 27

Junior Frank Guazzo is hoping to qualify for the 10,000 meters outdoors. Mizzone describes Guazzo as "a three year runner who has been averaging between 6:30 and 90 miles a week in practice."

Sophomore Dan Dooley, who was NJAC Conference Champion in the javelin as a freshman, qualified for the Nationals last year and should repeat that performance. Junior Rick Baron recently hit his personal best with 6-6 3/4 in the high jump. Baron is in his third year with the program and needs to clear 6-8 to qualify for the nationals.

Mizzone noted, "He's taking 12 steps now which is a longer approach than last year."

Credited for much of the success of the sprinters is Bailey, a former Eastern Michigan university star, who ran a sub-45 400 meter in college. "One of the main reasons for our success has been Keith," pointed out Mizzone.

With the addition of Bailey's coaching expertise, and with only one senior (Kulik) on the squad, the MSC Indoor Track and Field Team is in a successful indoor and outdoor seasons to come.
Wrestlers take third in Metro Championships

MSC won three straight individual titles in the 27th annual Metropolitan Intercollegiate Wrestling Championships Sunday at the Golden Dome on the campus of Rutgers-Newark. But Trenton State took the team championship and Seton Hall edged the Indians by slightly more than a point for second place.

MSC's strength was in the lower weight classes as Pete Gonzalez started the streak by winning the 126 championship by edging Seton Hall's Edgar Feliciano, 11-5. Nick Milonas, who normally wrestles at 126, moved up to 134 and decisioned TSC's Ralph Venuto, 7-5.

"My first reason for the move was to avenge my only loss of the season and I did when I pinned Jim Minitelli of Kean in the semifinals," said Milonas.

MSC's other metro champ was Karl Monaco. Monaco defeated Joe Materazzo of Rutgers-Newark on a technical fall (20-5) at 6:25.

Men suffer through a rough week

"It's been our achilles heel all year," said a somber Gelstori. "You don't make the free throws, you don't get anywhere."

NJAC rival Stockton State must be thanking their lucky stars. They trailed the Indians throughout the game. MSC maintained a 60-59 lead with 36 seconds left, but failed to put the game away as they missed three free throws, giving the Ospreys a chance to win the game with seven seconds remaining. Stockton center Bob Rowenquest sunk a basket which proved to be the margin of victory. Alex Durvi's last-serving desperation shot at the buzzer was blocked ending the MSC chances of winning.

Bob Smith led the scoring with 14 points and eight rebounds. Tom Jaspan also chipped in with 10 points. Don Ellison led Stockton with 24 points.

The NCAA Division III regionals take place next weekend at Trenton State.

Men's indoor track makes their mark in Division III competition

By Tom High

MSC's Men's Track team has been quietly putting together one of the stronger contingents in Division III under Head Coach Vic Mizzone and Assistant Coach Keith Bailey.

The 1600 meter relay team consisting of George Mayes, Godfrey Brown, Mike Hawkins, and Amod Field, recently competed in the prestigious Vitalis US/Olympic Track Invitational at The Meadowlands.

With only one senior on the squad, Mizzone feels, "We're a year or two away from building something big." The team currently consists of 25 athletes, one of the biggest turnouts for the indoor season in a while.

The sprint medley team is led by freshmen sensation Amod Field who placed fourth in the NJ State Indoor 500 meter and is two-tenths away from qualifying for the Nationals in the 400 meters. His best time to date is 50.1 with the qualification time being 49.8. "Amod has outstanding potential," said Mizzone.

The Indians' Mike Hawkins was last year's NJAC Conference Champion in the 100 and 200 meters. "He is in better shape this year than the previous season," Mizzone recently said. Godfrey Brown has already won the NJ TAC Indoor Track 400 meter championship. "Winning the TAC title proves his top-notch ability," said Bailey of Brown, who is in his first year running the 400 meters.

"We accidentally found him running on the track," is the story behind upstart sophomore George Mayes, who leads off the 1600-meter relay team. Mayes is another of the football players picked up by Mizzone and Bailey. "He has developed rapidly and is a very hard worker," said Bailey. "He doesn't possess as much raw talent as a lot of runners, but he has a very big heart."

Recent additions to the sprinting department include Indian football standouts junior Ed Chavis in the 100 and 200 meters, junior Tony Fleming in the 100, 200 and 400 meters, and junior Mike Mullins.

Competing in the long distances this season are Orin Lucas. "He has the potential of being one of the better half-milers in the state," said Mizzone. "He has unlimited potential and has the best form of all of our long distance runners."

Virginia Tech transfer Ron Kulik, the squad's only senior, is competing in the 5000 meters indoors with great success. He recently ran a school record 14:43, qualifying him for the Nationals. Kulik is also coming off a very formidable cross-country campaign in which he made it to the Division III Nationals at Emory University in Georgia. "He's an outstanding runner who should be in the top six in the nation this year," said Mizzone.

Women swimmers win fourth straight State Championship title

By Patty Jonas

When the going gets tough, the tough get going.

The Indians fell five points short in the Metropolitan Swimming Conference tournament and finished second behind St. Peter's Brook, but they didn't discourage the 10-1 team. They entered the NJIAA Championship Meet at MSC on Feb. 8th and 9th with determination to fulfill their motto. Tremendous teamwork and determination led the Indians to victory as they defended their title as New Jersey State Champions for the fourth consecutive year.

"We just didn't have the depth we needed when swimming against Stony Brook," said senior captain Denise Morkzycki. "In the states, we devastated our competitors. Once again, we're the champs." By Patty Jonas

Basketball teams face do-or-die situations after dismal weeks

By Dennis Campbell

Trenton St. 66- MSC 60

The MSC Men's basketball team (12-10) found out last week what happening at the Metropolitan Conference meet. They dropped a game against NJAC rival Trenton State 66-60 at Panzer Gym. It was their second conference loss in a row.

The defeat places the Indians in a must-win situation to secure a playoff berth in their two remaining games. They are now in a tie with William Paterson for fourth place in the conference. Only four teams will qualify for the NJAC playoffs.

By Dennis Campbell

MSC Associate Coach John McCarthy said, "I am not making excuses for the loss. We play hard every game, you can't fault us all. We came in draying. We were not 100%." The culprit - "the flu bug," said MSC Head Coach Olle Gelston.

"MSC misses Marcus Williams. He put good pressure on the ball," said McCarthy. "We didn't do enough defense, but Marcus lost some intensity. He set the pressure defensively.

The Flu bug hit Ed Dolan, who missed two practices during the week, Bob Smith and even Gelston. "The team's consistency has been affected by the absence of many players during the season," McCarthy admitted.

MSC trailed only 23-26 at the half, despite a poor first half shooting. The Indians had a scare when starting guard Ed Dolan injured his leg at 9:10 of the first half. John Vogel replaced Dolan and did an excellent job, but Dolan was able to return at 18:57 of the first half.

The Indians held the game within reach throughout the second half. With five minutes remaining in the game, Dolan and did an excellent job, but Dolan was able to return at 18:57 of the first half.

The Indians held the game within reach throughout the second half. With five minutes remaining in the game, Dolan and did an excellent job, but Dolan was able to return at 18:57 of the first half.

The MSC defense couldn't hold out against Trenton as the Indians fell, 66-60.

MSC held its last lead 58-57, Trenton then responded by scoring 15 of the last 21 points of the game to seal the victory.

"We usually play hard at Panzer Gym," said MSC guard Ulysses Del Rio. "Tonight we lacked intensity. We just didn't have the right gusto," Smith led the Indians with 22 points.

Trenton (16-3) was paced by Anthony Bowman's 26.

Stockton St. 61 - MSC 60

MSC had the game in hand but let it slip away at the last second at Panzer Gym, losing to Stockton State 60-61. It may be a case of the last-minute jinx. In both games the Indians played this week, they held leads only to fall in the final seconds. This time though, MSC will have to blame their free throw shooting. The loss, as they failed to convert crucial free throws in the final quarter. cont. on p. 26

The Indian grapplers won titles in the Metropolitan Wrestling Championships

Trenton St. 68- MSC 48

The MSC Women's basketball team's Division III playoff hopes were dealt a severe blow last Saturday, as the Indians dropped a 68-48 decision to Trenton State in Trenton. The loss ended the Indians' season (13-6, 10-2 in conference) of a second place finish in the New Jersey Athletic Conference.

Trenton (15-6, 9-4) defeated MSC in the third.

The Indians, playing without the services of point guard and offense leader Sue Ball, kept the game within reach in the first half, but, "We just ran out of gas in the second half," said MSC Head Coach Jill Jeffrey. Ball's season was ended a week earlier when she suffered extended ligaments in her left ankle against Glassboro State.

I think when you take away the leader of the team," said Jeffrey, "it really, really hurts.

M&C and Trenton stood tied at 20-20 in the first half before Trenton went on a few costless turnovers to grab a 28-23 lead at intermission. "I thought we were ready to come out and play tough in the second half," said Jeffrey. "(I guess I thought wrong.)" Early in the second half the Indians fell victim to a 12-4 Trenton outburst that all but closed the door on them, as they trailed, 48-37.

"We could not keep up with Trenton," said Jeffrey. "They really pressured the ball a lot, and pushed the ball upcourt well."

The Indians, meanwhile, struggled through a 33% shooting effort on the night. "We didn't produce offensively the way we wanted to in the last four games," said Jeffrey. "Nobody shot well. We were rushing our offense, needed more patience.

The absence of Ball, who is referred to by Jeffrey as the team's "spark plug," played a big factor in the loss as well. Trenton employs 10 people in their game plan and with the loss of Ball and freshman forward Ann Deutsch, the Indians found their bench quite shallow. Add 68 that MSC players fouling out of the contest, and you got yourself a potential disaster.

"With Sue Ball not running the offense," said Jeffrey, "Debbie (Emery) had to handle a lot of things than we wanted her to. That took away from her scoring output." Emery, leading the MCAC with an average of just under 20 points a game, finished the night with only 12 points. Forward Judy DeFrancisco led MSC with 17. As for the Indians' chances of receiving an at-large playoff bid, Jeffrey admitted they were very slim, but added, "There's still a little bit of hope." She pointed to the Indians' last two contests of the year as her team's final opportunity to attract some attention from the playoff committee. MSC will be looking to finish their regular season strong and then back and do a little bit of wishing.
