Faculty protest contract proposals in Trenton

By Tom Boud

A strike demonstration proteting unfair contract terms proposed by the state of New Jersey was held in front of the Education Building in Trenton last Friday.

This action comes in light of a breakdown in negotiations between the American Federation of Teachers (AFT) and the state. The two sides have been at odds with one another since the previous contract expired on June 30, 1986.

The demonstration, attended by more than 450 college professors and Non-Teaching Profession (NTP) workers, was in response to five key strike issues.

The issues are: salary increases, promotion caps, the merit money system (having raises based on teaching performance instead of an automatic year-by-year increment scale), administrative right to search faculty offices and mail, and personnel policy matters which previously fell under the classification of civil service.

These policy matters are now subject to state control due to a clause in the institutional autonomy law ratified by the governor last July 9.

Instead of working under the provisions of the old contract as customary for a no-contract situation, the state is treating the faculty under their version of the new contract that does away with the annual pay scale increase and forces the AFT to accept the promotion caps which have resulted in far fewer promotions for state college professors.

The AFT has taken the case to the Public Employee Relations Commission in Trenton. The commission ruled that the state has acted improperly by coercing the AFT to accept their version of the new contract. However, the state has totally ignored the ruling.

In relation to promotion caps, Becker said that virtually all promotional opportunities are wiped out due to its restrictive powers. “The caps are a major disincentive because they create morale problems among the faculty. They make it impossible for an assistant professor with a doctorate only makes $25,000 per year. Toll collectors make more than this. Faculty offices are being used as middle class citizens.”

The merit pay system would be open to political cronyism.” The main pay system would be controlled entirely by MSC President Donald Walters.

Concerning personnel policy matters, (job reclassification and sick leave benefits for state employees), Becker said the state is trying to retain its influence. “Autonomy freed these items from the civil service structure and left it to the state to change the personnel policy as they wish.” She said that the AFT wants personnel policy matters to be included in the contract.

As for office search and mail seizure authority, Becker emphasized that the college administration is violating the faculty’s rights. “The faculty is entitled to the right of privacy under the United States Constitution. To search a professor’s office and to seize a professor’s mail is fascism.”

In light of an impending strike, Becker said that intense negotiations will begin today and continue throughout the weekend if necessary. “We will negotiate until the last minute but if no agreement is reached by Monday, we will strike and picket the college entrances.” The state’s other eight colleges will also strike.

Dr. Kenneth Brook of the Anthropology Department read a statement concerning strike readiness at last night’s Faculty Senate Meeting. “We are prepared to open the union has organized in anticipation of a strike. The strike headquarters will be located at the Reformed Church on Valley Road. We don’t want to strike but we are ready nonetheless.”

MSC President Donald Walters issued a strike alert notice to all MSC students. Walters assured the student population that the college will remain open in the event of a strike.

In addition, he said that all essential services (dormitories, student center, library, infirmary and campus police) will remain open to keep the situation on campus as close to normal as possible.

Walters urged all students to attend class on the premise that some professors will have class during the strike. He said that if the strike becomes prolonged, specific procedures will be announced after consultation with the Board of Higher Education.

Walters also informed the campus community that a strike hotline will be in operation from 7 a.m. to 10 p.m. each day of the strike. The number is 893-4334.

Final Evaluations

ATTENTION ALL SENIORS: the deadline for final evaluations is Oct 1. All those who are graduating in May 87 please fill out an application now in the registrar office, College Hall.

Truman Scholarship

MSC sophomores interested in a career in government service at the federal, state, or local level are invited to apply for a 1987 Harry S. Truman Scholarship.

Established by Congress in 1975, the Harry S. Truman Scholarship Foundation operates an ongoing educational scholarship program designed to provide opportunities for outstanding U.S. students with potential leadership ability to prepare for careers in government service.

In April 1987, the Foundation will award 105 Scholarships nationally. The Foundation DEADLINE for all 1987 applications is December 1, 1986.

MSC can nominate three students for the 1987 competition. To be eligible, students must be full-time sophomores working toward or planning to pursue a baccalaureate degree, have a “B” average or equivalent, stand in the upper fourth of the class, and be a U.S. citizen or U.S. national heading toward a career in government.

Interested students should submit a letter of application, a statement of career plans, a list of past public-service activities or other leadership positions to Dr. Grosvenor C. Rust, Truman Scholarship Faculty Representative, Chapin Hall 111, by October 30, 1986.

Cancer strikes 120,000 people in our work force every year. Although no dollar value can ever be placed on a human life, the fact remains that our economy loses more than $10 billion in earnings every year that cancer victims would have generated. Earnings they might still be generating if they had known the simple facts on how to protect themselves from cancer.

Now you can do something to protect your employees, your company, and yourself... call your local unit of the American Cancer Society and ask for their free pamphlet, "Helping Your Employees to Protect Themselves Against Cancer." Start your company on a policy of good health today!

October 4th & 5th

$5.00 for Camping & Rafting

Come to Rm. 403, Student Center to sign up.
Money due by Sept. 25th.

ATTENTION: All those signed up to go rafting or intending to sign up, organizational meeting to discuss times, carpooling, directions, etc. on Tues., Sept 30th at 5 p.m. in Rm. 412 of the Student Center. All must attend. If you are unable to attend, call the Conservation Club at 893-5102.

The Conservation Club is a Class I Organization of the SGA.
**Clove Road partier arrested for misconduct**

By Vivette Watson

Campus police arrested a male for disorderly conduct in lot 28 on Sat., Sept. 20. The male was fighting during a party in the Clove Road Apartments. He was taken to Mountainside Hospital, tested and released. He is scheduled to appear in the Little Falls Municipal Court on Oct. 1. Sgt. Paul Cell made the arrest.

Thefts stole a 1979 Oldsmobile Omega, worth $2,000 from lot 22 on Tues.,Sept. 16. The car has not been recovered.

On that same day, an unsecured bicycle was stolen from the Student Center Hallway. Total value was $300.

On Wed., Sept. 17, unknown persons smashed the driver's side window of a 1982 Pontiac in lot 30 and stole a $200 radar detector. The rear tire was also removed from a 1978 Chevy in lot 24.

While two female students were on stage performing in the Speech Building, $60 were stolen from a dorm room in Blanton Hall. On Thurs., Sept. 18, a female resident threatened a male resident with a knife, during a verbal argument in Freeman Hall on Fri., Sept. 19. No complaints were signed.

No major incidents took place during Saturday's home game, according to Sgt. William Hotaling. "There were no fights, disturbances, or any other type of crime reported during last Saturday's game."

Hotaling particularly cited the campus population's compliance to the no-alcohol tailgating policy. "Almost all tailgaters didn't bring any alcohol which was good considering that last year, there were hundreds of people drinking beer at these parties."

---

**Confirmation Schedules**

Confirmation schedules were mailed to all students who are enrolled for the Fall 1986 Semester, on September 24, 1986. Schedules for students who live on campus were sent to home addresses.

Students must review this schedule to make sure that the courses agree (by number, day and time) with those which you are attending. If there is ANY discrepancy with your schedule, you must report to the Office of the Registrar IMMEDIATELY!!! Failure to resolve these discrepancies will result in no credit or failing grades for some of your courses. All registration corrections must be made by October 2, 1986.

If you have not received a confirmation schedule, you must report to the Office of the Registrar immediately.

All copies of your registration transactions should be brought with you when making inquiries.

New Jersey teachers' strike would not be without cause

On Monday, Sept. 29, the Montclair State local of the American Federation of Teachers may be striking against the state. As has been the case in past strike threats by teachers, the group that stands to lose the most is the students. This time around, however, the teachers have very good reasons to strike, and for that reason, should be supported by the students of MSC.

The union's grievances include the state's desire to have the right to search teachers' mail, as well as the highly-harshly ridiculous merit money system.

The merit money plan would give MSC President Donald Walters total control over who gets "merit pay." He and he alone will be responsible for the decision as to which teachers should be awarded raises. He is not even charged with spending all the money allocated for that purpose. Isn't that nice... for Dr. Walters.

As for the present, the teachers are not being paid under the guidelines of their old, expired contract, which would undoubtedly follow... in the next strike. Instead, the state is paying the teachers according to the state's version of the new contract. What this means is that the teachers are actually working harder for less money than they were under the old contract. It is the feeling of The Montclarion that if the state truly wanted to deal with good faith bargaining, they would have (and legally should have) honored the teachers' old contract until coming to an agreement on a new one.

Objecting to the state's seemingly illegal changes in this "new" contract, the teachers union took their grievances to the Public Employee Relations Commission (PERC). PERC declared the state's version violated law and ruled in the teachers' favor. The state promptly ignored PERC's decision. A wonderful example of good faith bargaining.

What else is kept around in the state's version of a contract will be promotion caps, someone's idea of a practical joke that someone else took seriously. With these promotion caps, vacant spots in staffs will not be filled, and promotions will remain at a minimal number.

It is the feeling of The Montclarion that the administration is killing morale by not offering any promotions, making way for any advancement possibilities. What it will be doing is inducing staffs will not be filled, and promotions will remain at a minimal number.

As the case stands at this writing, the state does not want to own up to these possibilities. And as much as we don't like it, it is apparent that the teachers' only recourse is to strike.

Drug testing, fad & fashion

BOSTON—This is what the crusade against drugs has come down to: Jar Wars.

All summer long, politicians have been over-dosing on polls and political anxiety about the drug issue. By September the climate in Washington was still humid with hysteria. And now it appears that the one analysis of the drug problem that will really count is urinalysis.

On Monday, the president ordered mandatory drug testing for federal employees. "This," he said with a flourish, "is the federal government's way of saying no to drugs."

The order applies to all law enforcement officers, to anyone with access to classified information, to anyone who has what is loosely described as "public health or safety or other functions requiring a high degree of trust and confidence." It is estimated that more than a million federal employees may now find their job security rests in a jar.

I am not entirely surprised by this political pursuit of bodily fluids. Ever since drugs has come down to: Jar Wars.

The administration knows that what they want is an easy excuse, something to prove that the government is cleaning up its own house. What they are funding is a line-up for the drug testing program begins. Agency heads would decide who is to be tested. To be at all reliable, the drug testing has to be random and has to be supervised. As an expert in the field said, a trusted worker "must watch each person urinate into a bottle."

If a pop quiz at the official specimen collection center doesn't seem like an invasion of your privacy, consider this: A lot of other information goes into the jar. By analyzing urine, a superior can also find out whether you are taking medication for your heart or for your mental health.

Americans have always been sensitive, indeed Reagan has always been sensitive, about government intrusion. The Fourth Amendment to the Constitution protects us against unreasonable searches and seizures. The Supreme Court has ruled that the government can't "search" and "seize" our bodily fluids without cause anymore than they can our homes and possessions. A federal employees union is trying to block the order on these grounds.

I have no argument with drug testing when there is a genuine, compelling safety concern. As far as I am concerned, the military can test the people who work in nuclear-missile silos all time they heed the call of nature. If the people who work in nuclear-missile silos can also find out whether you are pregnant, not only unconstitutional, it's a wasteful diversion. Urinalysis doesn't affect the crop of crack pushers. It doesn't keep crack out of schools.

The administration knows that what they want is an easy excuse, something to prove that the government is cleaning up its own house. What they are funding is a line-up for the drug testing program begins. Agency heads would decide who is to be tested. To be at all reliable, the drug testing has to be random and has to be supervised. As an expert in the field said, a trusted worker "must watch each person urinate into a bottle."

English club caught in programming snafu

To the editor:

To most of the campus community, the bagsales which dominate the first floors of Partridge, Mallory and Richardson Halls are simply a means to check out the freshest and slickest. For many Class II organizations like the English Club, which received very little or no money from SGA, bagel sales are a primary fundraising activity. For this reason, they need to be taken seriously. Sadly, this is not the case.

On Friday, September 12, I went up to the Student Activities office to secure Partridge Hall for a bagel sale which my club would sponsor. I was informed by the secretary that they didn’t even have “that book” (the events scheduling book) yet and to come back later. The following Monday, I returned to find that not only had they “that book” since last spring, but that most of the dates through the end of October were already filled. However, there was opening on Monday, September 22. I accepted it in the name of my organization.

The Friday prior to our bagel sale, I accompanied by my vice-president, withdrew money from our account to cover the cost of bagels and the other necessities for such a sale. This was almost one-quarter of our total holdings. We soon met up with Maria Capalbo, President of the Italian Club (another Class II). Upon comparing activities, we discovered that both our organizations were scheduled to have a bagel sale on Monday, September 22 in Partridge Hall! We immediately went to the Student Activities office and were told that the person who had given the date to the Italian Club neglected to enter it in the scheduling book, so when I went up, it appeared free. I was informed by the secretary, “Oh, this happens all the time!”

I was outraged. I came alarmingly close to spending a vast amount of my organization’s funds to purchase bagels which would have been wretched surplus when added to those of the Italian Club. It exploded under “competition” between two clubs which before-hand shared a close, amicable relationship. The fact that such mix-ups happen all the time and no other club has raised its voice makes me even madder. Of course the Student Activities Office will take liberties with something as “insignificant” as a bagel sale when the organizations themselves let them slide.

It is injustice enough that Class II organizations are treated like second-class citizens. We, the English Club contribute as much to the campus as many Class I’s. Book sales, writing competitions, and faculty evaluations are just a few of the necessary functions we perform, funded only by hard work and dedication. We raise our own money to pay for the costs of Faculty/Student receptions and our inclusion in the Homecoming Parade. While we may not be as affluent as the larger organizations, we are just as much a part of this campus. The Student Activities office should work with us, not against us. We don’t ask for narcissistic praise, we ask only for cooperation.

MSC Ice hockey team ignored by College Hall

To the editor:

During the past year our school had three very successful sports teams. Our baseball team went to the Division III World Series but lost. Our football team went to the playoffs and then lost to Ithaca. But low and behold, our Ice Hockey team ignored by College Hall! We immediately went to the Student Activities Office and were told that the person who had given the date to the Italian Club neglected to enter it in the scheduling book, so when I went up, it appeared free. I was informed by the secretary, “Oh, this happens all the time!”

I was outraged. I came alarmingly close to spending a vast amount of my organization’s funds to purchase bagels which would have been wretched surplus when added to those of the Italian Club. It exploded under “competition” between two clubs which before-hand shared a close, amicable relationship. The fact that such mix-ups happen all the time and no other club has raised its voice makes me even madder. A dripping apology

To the editor:

There appears to be some confusion among students concerning the cancellation of the Splash Party sponsored by LASO on September 14, 1986. For the record, the cancellation of the party by the Campus Recreation Department was due to an absence of lifeguards on the evening and not to any programming errors by LASO. We apologize for any inconvenience.

McKinley Boston
Director of Campus Recreation

The Montclarion’s Letters Submission Policy

All MSC students are encouraged to express their views in the letters pages. But due to the continuous and blatant disregard that letter authors have for these simple rules, No letters will be printed under any circumstance without following the rules below. All letters must be:
- Type written and double spaced
- Adressed to the editor
- Submitted by 4 P.M. the Monday before Thursday publication
- Include students’ social security number, academic year, major and telephone number for confirmation.

Letters must be signed, but names will be withheld upon request.

The Montclarion reserves the right to edit all letters for reasons of style and brevity, but if the editors feel that the content may be changed by such editing, every effort will be made to contact the author using the submitted telephone number.

Many letters have been received that will never be printed because of negligence of these guide lines. Please follow them.

By Gary Ruff

I could say that "The Soft Touch" addresses the problem of keeping one's sanity in a society where standards of moral behavior have come apart at the seams. Or I could label it a satiric portrayal of urban anxieties, condemning the chaos and brutality which intrude into the life of an innocent citizen. But a play this funny doesn't deserve such heavy-handed treatment. When you go to see "The Soft Touch" (and I mean when, not if), bring your sense of humor, and save the intellectual interpretations for later.

This comedy's touch is anything but soft. Subtly there is, but for the most part the humor is broad, visual, and raunchy. Blinky (Tim Herman) is a young man whose worldly experience seems to be confined to the pages of a girlie magazine. He lives alone in a shabby single-room in Philadelphia, where, in one night, his simple, private life is disrupted in every way imaginable.

The play is introduced by Wilfred (Alex Swain), a sleazy and cynical street beggar who immediately establishes a unique rapport with the audience. Making himself at home in Blinky's apartment, Wilfred offers a bluntly honest perspective which gets the audience directly involved in the chaos which follows. Swain's deadpan delivery is perfect, contrasting the high energy which characterizes the rest of the comedy.

This comedy's touch is anything but soft. Subtly there is, but for the most part the humor is broad, visual, and raunchy. Blinky (Tim Herman) is a young man whose worldly experience seems to be confined to the pages of a girlie magazine. He lives alone in a shabby single-room in Philadelphia, where, in one night, his simple, private life is disrupted in every way imaginable.

The play is introduced by Wilfred (Alex Swain), a sleazy and cynical street beggar who immediately establishes a unique rapport with the audience. Making himself at home in Blinky's apartment, Wilfred offers a bluntly honest perspective which gets the audience directly involved in the chaos which follows. Swain's deadpan delivery is perfect, contrasting the high energy which characterizes the rest of the comedy.

One by one, a gallery of crazy characters invade Blinky's apartment and involve him in a series of absurd situations. Mrs. Crisp (Jillian Armenante) is a sex-crazed housewife whose shameless advances make Blinky the unwilling victim of her husband's (Al Holt) wrath. The results are uproarious. Equally hilarious is Jim Morrison's characterization of the landlord, a living amalgamation of a tenant's worst nightmares.

The zany cast also includes: Christeline Vaccovoli as Blinky's spaced-out mother; Duane Eguy as a knife-wielding schizophrenic killer. Daw's performance is truly compelling. His character's personality fluctuates between two distinct alter-egos; the effect is highly comical, but Daw's intense portrayal lends the killer an unexpectedly disturbing dimension.

Tim Herman, as Blinky, proves himself a versatile and emotional actor. As an innocent victim of circumstance, he is faced with one demanding situation after another, and reacts believably within the context of his character. There is a problem, however, with Blinky's lack of response to the violence of the show's climax. If the playwright's intent was to show that exposure to violence desensitizes people, this change of character was too abrupt to be credible.

All in all, "The Soft Touch" is a fine example of the art of comedy, despite its reliance on sight gags, sexual humor, and stock characters. The power of its humor lies in the interaction of personalities—not as real people with complex motivations, but as exaggerated representations of the worst in human nature. With this in mind, directorPasquale DiFuico keeps the action at a delirious pace, while allowing the actors to personalize their roles for maximum comic effect. There is never a dull moment in "The Soft Touch," and if the play's focus seems unclear, there are enough hearty laughs to suffice.

The set is simple and realistic; the backdrop, painted to represent graffiti-covered brick walls, create an atmosphere of squalor. The small size of the theater brings the actors' features and expressions to life.

"The Soft Touch" will run in the Student Center Annex Amphitheater, Room 126, until Sat., Sept. 27. Showtime is 8 p.m., with a 2 p.m. matinee on Fri., Sept. 26. Tickets are $4.50 standard, $3.50 for faculty, alumni and senior citizens, and $2.50 for MSC students with I.D. For more information and ticket reservations, call 893-5199.

By Rodney Stubina

Blinky (Tim Herman) enjoys a private moment in "The Soft Touch."

White Theatre Season Begins

"Pops," by Romulus Linney, makes its world premiere at the White Theatre in Montclair from Sept. 30 through Oct. 19. "Pops" is a comedy celebrating the experiences of people in love.

Dates and times are as follows: Tues. - Fri., at 8 p.m., Sat. at 4 p.m. and 8 p.m., and Sun. at 2 p.m. and 7 p.m. Tickets are $18 on Tues., Wed., and Thurs. at 8 p.m. and Sun. at 7 p.m., $23 on Fri. and Sat., and for Sunday at 2 p.m. Special student, senior citizen, and group rates are available.

The Whole Theatre is located at 544 Bloomfield Ave., Montclair. For further information, or to charge tickets, call 744-2989, or the Group Sales Hotline, 744-2996.

MSC Celebrates the Arts

Seventeen professional performing groups will preview diverse programs of entertainment at the 9th Annual Arts in Education Showcase at MSC. Specialists in music, dance, theatre, mime, storytelling and puppetry will appear on Sat., Sept. 27, from 9:30 a.m. to 3 p.m. The event will take place in Memorial Auditorium and adjacent McEachern Auditorium. Tickets are $7.50 for MSC I.D. holders, $10 for others; children are free. For information, call 744-1717.

Thunderbirds to Land at MSC

Tues., Sept. 31, at 8 p.m., Class 1 Concerts presents the Fabulous Thunderbirds in Memorial Auditorium. Opening for the T-Birds are the King Snakes. Tickets are still available: general admission $10, students $8 with I.D.

Nick: Thanks for the great night at Butterfields. - Gail and Patty.

- Dear Renee, Well it's our junior year - let's make it a blast!! See you in the gameroom and at future pledge meetings. Love ya, Michele.

- Join the Management Club. Details will follow.

- Don - This is war! - Kathy From now on our first vice president can turn on the radio and get his own notebooks.

- Andy "the chicken" Krupa: Frank Perdue is looking for you - beware! Colonel Sanders.

- Nick: Thanks for the great night at Butterfields. - Gail and Patty.
Personals

- L.M., J.D., R.F.- Thank you for the cheerful cards. It’s nice to know that I have friends who care. Thanks for being my friends. - D.J.
- Anthony- I love you more than life itself! Boo Boo
- Robbo- Massive strings were pulled for this. You know why? Because I dig you and so do chicks. This is your long awaited personal babe.
- Scott- HI! -from a L.l.

Lost:
- My sense of accomplishment at staying up all night on Wednesday to put together The Montclarion only to have it not delivered to us ’til Friday night.

Found:
- 2 gold rings in a plastic bag. Found in Student Center commuter cafeteria. Call: 212-239-1303 to claim.
- One sorority. Will the sisters of Theta Kappa Chi contact me as soon as possible. Thanks. Michele 652-8411.

Lifeguard job available at Panzer Gym pool. Must have valid 86-86 lifesaver certification. Contact sports director at Exts. 5251 or 5253.

datebook

Monday 9/29
From 10:00 am - 12:00 noon. Career Services will sponsor a Seminar, Interviewing I, in the Student Center Annex, room 209. Admission is free. This seminar is designed to provide students with understanding of the interview process. THOSE TAKING PART IN Recruitment are strongly urged to attend.

From 12:00 noon - 1:00 pm, Career Services/Psychological Services will sponsor a Personal Growth Seminar: What You Don’t Know Might Hurt You. in the Student Center Annex, room 126. Admission is free.

Tuesday 9/30
From 12:00 noon - 1:15 pm. Career Services will sponsor Career Conversations in the Student Center Annex, room 126. Come, and hear Dr. Kercher speak on Careers in Mathematics. Admission is free.

From 5 pm - 8 pm the Management Club will hold their general membership meeting in the Student Center Annex, room 126. All new members welcome!!!

Wednesday 10/1
From 10:30 am - 2:30 pm Career Services will sponsor a Graduate and Professional School Fair in the Student Center Annex. Admission is free. Admissions representatives from more than 50 graduate and professional schools will provide information about entrance procedures, academic programs, and career opportunities.

Tailgating or football?

The MSC football team opened its home schedule last Saturday against East Stroudsburg University. The Indians returned to Montclair with an impressive 28-14 victory over Wagner College.

However, much of the talk this week wasn't been about the NJAC Champions/Division III Quarterfinalists of a year ago, but whether tailgating will be held. A new state mandate about drinking during tailgating stirred up interest at Montclair. The SGA and the administration are working on a solution to the problem, but I feel we as a school should concentrate on something more important, the team's present success and fan support.

The results are getting better and better.

The MSC Women's Cross-Country team is showing everyone in the track circle that they are indeed for real.

Representatives from over eight schools participated in the meet, and MSC showed definite promise against the mostly larger schools.

Copping a medal for MSC was Jessica Levinskas, who placed fourth in Division III action and fifteen overall.

Wednesday at Garrett Mountain, the Indians home field, MSC destroyed opponents St. Peter's Jersey City State, the score in both meets 15-50.

The Lady Indians upper their record to 2-0 with fine performances from Jessica Levinskas, Jill Robertson, Rose Coley, Rosa Domingues, and Liz Gonzalez, the 5 top runners on the day. Levinskas was once again on top of the pack with a time of 20:14.

Saturday at noon, the women travel to Ramapo to try and bring home another victory. Judging by their fantastic performances thus far, their competition better beware!

Drinking occurs at any sports event and will continue to do so no matter what law is passed. If the students want to tailgate, then do it, but follow the guidelines set for you.

We, as students at Montclair State, should pack Sprague Field for every game. After all, Montclair State has the best athletes and best program next to any of the other state schools, and we should support the team by showing up at games. The Indians have the potential to be national powers and it would be great to see our field sold out for a change, instead of people meandering into the game between brews.

This year the Indians are stronger than ever, and I think that the students should show some school spirit not through a can of "cool Bud" but through a banner, sign or a cheer. The Indians were ranked fourth in the entire nation for Division III schools and we should be proud of that. Let's show our pride, support, and enthusiasm in our team at Sprague Field Saturday.

What's What in MSC sports

The MSC Golf Team is still in need of players for the fall and spring seasons. Currently, the team has four fall tournaments on its schedule, the most in recent years. The prospect for a good season is there and anyone wishing to join can call coach Pete Famiano at 325-2135 or at 731-0833. The fall schedule is as follows:

Sept. 25—Rider College Invitational Oct. 3—Rutgers-Comden Fall Tournament Oct. 9—Qualifying ECAC Championships Oct. 24—Rutgers (N.B.) Fall Invitational

Any MSC sports fan or sports fan in general is invited to come down to The Montclarion, room 113 of the Student Center Annex and join our staff of sportswriters. There is a variety of sports to choose from, and the work is fairly steady. If you have any desire at all to write for The Montclarion, why not stop down to the Sports Department, or call 893-5241.

The MSC basketball team held its first meeting for old and new players on Monday, September 22. If you missed it and would still like to join or try out, call MSC Head Coach Ollie Gelton at 893-5236.

Indian secondary bolstered by Altomare’s extra effort

By Perry Schwarz

"HEROES COME AND HEROES GO, BUT IT’S THE OBSTACLES THEY OVERCOME THAT MOTIVATES AND INSPIRES THEM TO SUCCEED."

Game heroes could emerge at any time. There are athletes who are heroes before they step on the field through reputation, and others who achieve overnight success. Sophomore defensive back Joe Altomare achieved game recognition within two weeks, but it took a culmination of hard work, patience, and self-dedication for the fans to notice it.

Altomare intercepted a key pass in MSC’s opening game against Wagner. Last Saturday he accumulated three interceptions. His third interception was jolting to East Stroudsburg, as the Warriors were on a scoring rampage from the MSC 20 in the final seconds of the game. Altomare snared the pass at the MSC 10 and ran 89 yards, only to come up a yard short of a score.

The sophomore worked his way to become a key force in the defensive secondary, but a lot of personal effort was involved in that. At the conclusion of last season, secondary coach Terry Porter explained to Altomare his place in the defense if he worked on improving his skills.

Altomare took Porter’s advice in a constructive way. The pressure was on him, but he handled the situation well. He earned the starting role in training camp. This year he was in shape and ready to play from the start. Altomare knew the defense and learned more from playing behind Curtis Gaines. He was ready to go after the starting job.

"The question mark I had about Joey was his overall speed and footwork," Porter said. "I gave him advice, but most of the work he did himself. He really pushed and worked to improve his game."

In regards to Altomare’s interception ability, a lot can be attributed to his reading of the offense and anticipation of the football. However, the biggest reason for Altomare’s explosive play is the excellent defensive pressure up front. The Indians rushed the ESU quarterback, limiting his time to find a receiver, but giving enough time for the two-year member to position himself.

Saturday was a total team effort, but Joey has been a fortunate blessing to the program," Porter said. Altomare enjoyed the glory and success of being a hero, but next week that title could belong to another player. No matter what happens, Altomare will be ready for the results by maintaining his positive attitude, determination, and love for the game of football.

Trivia

OK, sports fans, here is your chance to see just how much you know about sports. Each week the Montclarion will publish a list of sports questions and answers to test your knowledge of sports trivia.

If you think you have the right answer to the stumper, drop it off at The Montclarion, Room 113 in the Student Center Annex. The names of those who submit the correct answer will be published in the next week’s issue. Deadline for submissions is Monday at 3 p.m. So start working and get into those trivia books.

1. In 1964-65, what Green Bay Packer player threw 294 consecutive passes without an interception?
2. How many yards long was the longest field goal in NFL history and who kicked it?
3. How many ounces does an official football weigh?
4. How tall is Magic Johnson?
5. For what sport is Corky Carroll famous?

This week’s stumper:
Who was the only player to pinch hit for Hank Aaron?

Answer to last week’s stumper:
Which major League baseball player has a part of the human body in every syllable of his name? (Hint: American League) Tony Armas, Boston Red Sox.

Submitting the correct answer:

**Indians intercept East Stroudsburg, 17-10**

By Perry Schwarz

The MSC football team proved in the past that it can win with stylish performances. However, the team showed 4,000 fans Saturday night at Sprague Field that it can also win with physical aggressiveness and rugged play. These were the keys to the Indians 17-10 victory over Division II rival East Stroudsburg (1-1).

“We played with a lot of heart,” tri-captain Ernie Giampietro said. “What we lacked in technique we made up with physical power and aggressiveness.”

On the second drive of the first quarter Walter Briggs locked with Ed Pedicino from five yards out. The possession capped an eight play, 70-yard drive. Briggs began a march downfield and could have tied or won the game, but Altomare once again stepped in front of an ESU pass. Altomare snagged Gentilella’s pass from the Montclair 10 and returned it a 70-yard touchdown. These were to be the only points of the first half, but not the last of the game.

“We knew that ESU was a strong club and had the potential to come back,” Giampietro said. “They never sat down, but we won this game from the beginning.”

Early in the third quarter Briggs, who threw for 153 yards, locked up with Ed Chavis from 43 yards out. The Indians advanced to a 14-0 lead with Colasurdo’s kick. However, the Warriors were due to score.

Ray Gentilella bolted his way in from the one with 4:03 remaining in the period. Mike Augustin’s kick made the score 14-7. The Indians soon retaliated and advanced the score once more. Colasurdo hit the field goal with 6:43 in the fourth to make it 17-7.

ESU countered with a 32-yard field goal from Augustin making the score 17-10, but the game wasn’t over yet.

After an on-sides kick, ESU began a march downfield and could have tied or won the game, but Altomare once again stepped in front of an ESU pass. Altomare knocked Gentilella’s pass from the Montclair 10 and returned it 89 yards to the ESU one before he was tackled from behind.

“I read the quarterback’s eyes and was looking for the pass from the beginning,” Altomare said. “I cut in front of the receiver and ran. I’m just sorry I didn’t make it to the endzone.”

That was all the points either side could muster and MSC ran the clock out to win the game, 17-10.

The Indians travel to Keen College Saturday at 2 p.m. for their first conference matchup of the season.

**Tennis team shows promise for upcoming court season**

By Patty Jones

New, improved, and “all psyched up,” best describes the MSC women’s varsity tennis team as they open up the ‘86 season with a new attitude.

“I couldn’t ask for a better team,” claims head coach Pat Lassen, who is returning for her second season with the team. Lassen is confident that the unity among the players as well as the energy, determination and eager attitude will serve as key factors for a successful season.

“When asked about the new season, Vicki Corso (junior) one of the two returning starters from last year said, “I’m looking forward to a competitive, successful and fun season. What is important is that we’re all working together to help each other improve.”

Corso along with (Junior) Lisa Montenegro captured the 3rd place position last year in the NIAAW doubles competition. Montenegro, who is young but also experienced and on giving it her all.

Montenegro is at the top of the line-up followed by (Sophomore) Cindy Macaluso, 2nd singles, (Junior) Vicki Corso, 3rd, (Senior) Joan Pratoforito, (Freshman) Lisa Rieck, 5th and (Sophomore) Eileen Durand, 6th.

Lassen is also confident about the doubles teams consisting of the strong combinations of Montenegro and Macaluso, Corso and Pratoforito and Mieck and Durand. “The ladies are playing extremely well for being teamed up together for the first time.” said Lassen.
